

# Legion Men Boycott Japanese and Those Who Employ the Asiatics.

## HIT ALIEN FOOD HOARDERS.

Post Eight, One of Country's Largest, to Carry Fight to State Convention.

A boycott on all Japanese merchants and all business houses employing Japanese was declared here last night by Post No. 8 of the American Legion, after E. C. Wright, an investigator employed by the city to conduct an inquiry into the local food supply situation, had reported that he had found that Japanese in this vicinity were storing away hundreds of sacks of potatoes and other nonperishable foodstuffs in the hope of securing higher prices for them.

Following the presentation of Mr. Wright's report, a resolution declaring a boycott on the Japanese was introduced by C. E. King. Its adoption was unanimous.

At the same meeting the post selected forty-one delegates to the state convention of the American Legion at San Diego next month. This delegation will present a similar boycott resolution at the convention.

The women's auxiliary of the local post will discuss the boycott at a meeting Monday afternoon, and it is thought no unlikely that it will join in the movement. Post No. 8 has about 5000 members. It is one of the largest in the country.

In selecting the delegates to the state convention, the post voted to instruct them to hold out for the nomination of Byron Pitts for state commander. Mr. Pitts, accepting the support of his comrades, pledged himself to do three things: First, to do everything possible to get Congress to pass a bill providing \$100 a month or more for men wounded in the war; second, to work for a \$10,000,000 appropriation for land settlement in California; and third, to devote his entire time to the office, which means that if elected, he will have to resign his present position of Deputy District Attorney.

## WOMEN DEFENDING VILNA.

WARSAW, July 15.—Women soldiers have taken up position for the defense of Vilna. They have been assigned to an eight-mile front.

All the women are equipped with American boots and are being fed by the American Y.W.C.A. They are under the command of Madame Goerz, who fought with Gen. Plandier against the Russians, and who also operated last year with the women during the siege of Lemberg.

CAN HOLD THEIR OWN. Commander Goerz is 24 years old. She contends that women can hold their own alongside the men, even in the front lines. She has about 1000 women under her command. Many are strong women of the factory type, who are eager for excitement and adventure.

The women commander is in charge of all her own transport system and rolling kitchens and all fighting equipment, except artillery. Additional detachments of women are being formed throughout Poland for defense of the republic. As soon as their numbers justify it, Madame Goerz will be placed in command of Poland's army of women.

NEW YORKERS BURIED. (BY CABLE AND ASSOCIATED PRESS.) WARSAW, July 15.—The bodies of Dr. Israel Friedlander, professor of biblical literature at the Jewish Theological Seminary in New York, and Dr. Bernard Cantor, also of New York, have been buried by Jewish residents of Yarmolinsk, in the Ukraine, according to advice received here today.

Dr. Friedlander and Cantor were killed by Bolshevik bands on July 7 while doing relief work near Yarmolinsk, which now is reported to be within the Bolshevik lines.

NICARAGUA DEBTS PAID. (BY A. P. NIGHT WIRE.) WASHINGTON, July 15.—Advice received here today from Managua said that a result of the diplomatic aid extended by the American government, Nicaragua had paid since July 1, the last of its war-time and current obligations, leaving no indebtedness except that which is bonded.

First of Its Kind Born in America. (BY A. P. NIGHT WIRE.) NEW YORK, July 15.—Susette, formerly star chimpanzee actress, now in the Bronx Zoological Gardens, today is the fond mother of the first infant of the species ever born in the United States and the second ever born in captivity.

Profit-sharing Case Continued.

SALT LAKE CITY, July 15.—Preliminary hearing of Merrill Nibley, an official of the Utah-Illinois Sugar Company charged with profit-sharing in sugar, was continued to August 10, by agreement of counsel.

Relic of Torpedoed Liner had Floated Five Years.

Picked up by Detectives in River at Philadelphia.

Strand of Faded Blonde Hair Tells Tragic Story.

(EXCLUSIVE DISPATCH.) PHILADELPHIA, July 15.—A life-belt, silent remembrance of the tragic sinking of the Lusitania five years ago, and bearing a strand of faded blonde hair, has been picked up off the Race-street wharf in the Delaware River.

The name of the ship the Germans torpedoed still remains clear and distinct on the wave-worn canvas, which has been adrift on the sea throughout three years of war and two of peace.

The life-belt was found by two railroad detectives employed to watch for river thieves on the Baltimore and Ohio railroad pier at the foot of Race street.

The two detectives hung the relic on a hook on the pier among piles of freight and curious mementoes picked from the drifting tide. There is a reminder of the sinking of the great liner, May 7, 1915, in which more than 1198 persons lost their lives when she was struck without warning by a torpedo, near Killybegs Head, off the coast of Ireland.

The life-jacket, probably drifted about the sea bordering on Europe, Africa, South and North America and covered 15,000 miles in the five years of its wandering, according to the United States Naval Hydrographic office here.

Experts on the subject considered it quite possible that the life-belt drifted down the coast of Europe, past Spain and Gibraltar, down the coast of Africa, then westward and north, past the Bahamas and Florida, and up on the Gulf Stream northward along the coast of this country.

It was caught in an ebb tide off the Delaware breakwater and carried up the river.

FISHERMAN FISHES UP FISHY BILLS.

Chicago Angler's Catch Leads to Arrest of Three as Counterfeiters.

(EXCLUSIVE DISPATCH.) CHICAGO, July 15.—About a month ago a fisherman, whose name was withheld by the Federal agents, was groping for minnows at the foot of Oak street, and he net brought up something that today caused the arrest of three counterfeiters and the seizure of one of the most complete plants on record for the manufacture of counterfeit money.

The Federal officials also secured a confession, starting in its details of the false and most modern money counterfeiting methods.

## FIND LIFE-BELT FROM LUSITANIA

Relic of Torpedoed Liner had Floated Five Years.

Picked up by Detectives in River at Philadelphia.

Strand of Faded Blonde Hair Tells Tragic Story.

(EXCLUSIVE DISPATCH.) PHILADELPHIA, July 15.—A life-belt, silent remembrance of the tragic sinking of the Lusitania five years ago, and bearing a strand of faded blonde hair, has been picked up off the Race-street wharf in the Delaware River.

The name of the ship the Germans torpedoed still remains clear and distinct on the wave-worn canvas, which has been adrift on the sea throughout three years of war and two of peace.

The life-belt was found by two railroad detectives employed to watch for river thieves on the Baltimore and Ohio railroad pier at the foot of Race street.

It was caught in an ebb tide off the Delaware breakwater and carried up the river.

FISHERMAN FISHES UP FISHY BILLS.

Chicago Angler's Catch Leads to Arrest of Three as Counterfeiters.

(EXCLUSIVE DISPATCH.) CHICAGO, July 15.—About a month ago a fisherman, whose name was withheld by the Federal agents, was groping for minnows at the foot of Oak street, and he net brought up something that today caused the arrest of three counterfeiters and the seizure of one of the most complete plants on record for the manufacture of counterfeit money.

The Federal officials also secured a confession, starting in its details of the false and most modern money counterfeiting methods.

The unnamed fisherman brought up two plates for the manufacture of counterfeit money, which he had hidden in a box under his bed.

He consulted a friend, who advised him to turn them over to Capt. Porter of the secret service, which he did, and was advised to say nothing of the find.

Capt. Porter immediately recognized that the plates had been made at a certain engraver's and he stationed men there to capture the counterfeiters when they came for more plates. Finally one man was spotted, and he was shadowed for three weeks and then arrested.

He is Joseph C. Baul, a commercial artist, and he was so tightly encompassed by evidence the secret service had compiled that he made a full confession, involving John Garvin, Martin Baer, George Bradford and L. C. Osborne.

The first two were captured here and the two latter were picked up in Indianapolis. All are commercial artists of the highest type and all admit they are Reds and members of the I.W.W.

The counterfeiters had floated only a few hundred of the spurious bills, which, the experts say, are practically perfect.

CALIFORNIA LIMITED AIM OF THIEVES.

Santa Fe Train Attacked Near Chicago and Engine is Derailed.

(EXCLUSIVE DISPATCH.) CHICAGO, July 15.—A daring attempt to wreck and rob the California Limited, crack train of the Santa Fe Railroad, by four masked men only a few miles out of Chicago was frustrated tonight by prompt action of the train crew.

The robbers had piled railway ties across both the westbound and eastbound tracks and stationed themselves behind them.

They fled from the scene when the engineer brought the train to a sudden stop.

The engine was derailed, but the cars remained on the track. There were no injuries. It was stated at the office of A. G. Wells, vice-president in charge of Santa Fe operation.

The scene of the attempted hold-up was about five miles west of the company's yard limits at Corwith.

The train left the Dearborn-street station at 7:15 o'clock. At 8:15, just before reaching the bridge over which the road crosses the drainage canal, the engineer saw the obstruction on the track. He applied the brakes, but the engine hit the ties. The train proceeded westward after about an hour's delay.

Profit-sharing Case Continued.

SALT LAKE CITY, July 15.—Preliminary hearing of Merrill Nibley, an official of the Utah-Illinois Sugar Company charged with profit-sharing in sugar, was continued to August 10, by agreement of counsel.

SECRETARIES AT SEWARD.

Cabinet Members Daniels and Payne are Entertained in Alaskan City.

(BY CABLE AND ASSOCIATED PRESS.) SEWARD (Alaska), July 15.—On their return to Anchorage they expect to take the destroyer Sinclair to meet the dreadnaught Idaho.

The destroyers Meyer and Macauley will await the return of the Sinclair to Kachemak Bay, after which the three vessels will go to Sitka.

SAN FRANCISCO, July 15.—Cable advices that the Shipping Board steamer Missouri, carrying a number of apprentice seamen, had put into Two-Bay, between Sydney and Melbourne, in distress, was received by the marine department of the Chamber of Commerce here today.

Tugs had gone to her assistance, the cable said, with no real possibility of agreement.

"We found that, while we had been seeking to do away with domination which we call 'Wall Street,' they asked us to set up instead, 'From the front of one of our learned Arnold Friedmans and his henchmen, who were arguing from the other side.'"

DETROIT, July 15.—A duel with automobiles was fought on the streets early yesterday. At 3:45 a.m. officers near Mack and Gratiot avenues heard a crash and ran to the scene of the smash up, where they found two automobiles locked head-on.

From the front of one car, learned Arnold Friedman and his henchmen, who were arguing from the other side.

## TAFT'S DAUGHTER MARRIES. FORTY-EIGHTERS WON'T NOMINATE

Decide After Split in no Ticket in Field.

Some Decide to Follow the Farmer-Labor Party.

Refuse to Indorse or Repudiate Third Party.

(Continued from First Page.)

fruitless, the convention refusing to instruct its committee on procedure to recommend such a plank.

The action of the committee, E. Lester Burlew, president of the World War Veterans, one of the participating groups in the amalgamated convention, leaped to the platform and announced that his organization would meet in Chicago within three weeks and form another party.

"You can all come with us then and we will form a real new party," Burlew declared.

"La Follette for President and William Jennings Bryan for Vice-President" was a suggestion repeatedly made to the committee by delegates bent on nominating a fourth national ticket, but the leaders of the forty-eighters managed to steer the party away from an open break with the farmer-labor ticket.

They were unable, however, to hold down caustic debate in the course of which the Farmer-Labor party was denounced by many delegates who frankly declared they would not support it.

Parley H. Christensen, nominee for President of the Farmer-Labor party, announced that he would leave the caucus for from coast to coast and border to border. He left tonight for his home in Salt Lake City to prepare for the campaign.

Tot and Infants Badly Beaten at Portland "Farm"

(EXCLUSIVE DISPATCH.) PORTLAND, July 15.—Their bodies battered and bruised from head to foot until their own parents could not recognize them at first, three tiny children were rescued today from a "baby farm" conducted by Mrs. W. Swanton.

The children were found by Mrs. G. W. Swanton, secretary of the Oregon Humane society, who evened up with Edna again, with Verna, 3 months old, who also was in Mrs. Matthews' care and likewise badly beaten.

Edna Ross, 3 years old, was worst of the three children. Her eyes were purple, the entire left side of her face was swollen and her entire little body was covered with bruises and scars.

"That's not my baby," exclaimed the mother, Mrs. Blanche Ross, when carried to her by the police. But when she realized that it was her own child, she burst into tears and vowed never to see Edna again.

Verna, 3 months old, who also was in Mrs. Matthews' care and likewise badly beaten.

Edna Ross was sent to a hospital for treatment.

Most of them, Mr. Howell said, have records of sales of 2000 or more two-ounce bottles of Jamaica ginger per month and are safe in having standing orders for their wholesale dealers.

The Volstead act, Mr. Howell said, allows druggists holding permits to retail Jamaica ginger for medicinal purposes without prescriptions limiting the sale to two ounces for an individual.

But the prohibition director at Washington has ruled that druggists must use discretion about sales and should discern, Mr. Howell said, that a person who returns day after day for a supply is using it for other than medicinal purposes.

THIRD PARTY IS SPLIT BY SOCIALISM.

Forty Eighter Says They Couldn't Stand Domination by Unions.

(BY A. P. NIGHT WIRE.) CHICAGO, July 15.—The rock on which the merger between the Committee of Forty-eight and the Labor party went to smash, was Socialism; the issues were irreconcilable and the break inevitable," said Allen McCurdy, secretary of the committee.

Mr. McCurdy, in a statement issued today in explanation of the eleventh-hour split.

The solidity of character which led to the formation of the Committee of Forty-eight will not, in my judgment, have anything to do with the new Farmer-Labor party.

Personally, I cannot indorse its platform nor support its candidates.

"What happened," McCurdy said, "was simply that we were camouflaged into believing we could get together, when there was no real basis of agreement."

"We found that, while we had been seeking to do away with domination which we call 'Wall Street,' they asked us to set up instead, 'From the front of one of our learned Arnold Friedmans and his henchmen, who were arguing from the other side.'"

## CHURCH ENTERS TEXAS POLITICS.

Baptists Charged with Attempting to Pick Governor.

Pat Neff Asserted to be a Denominational Candidate.

State's Interest Aroused in Gubernatorial Campaign.

(EXCLUSIVE DISPATCH.) FT. WORTH (Tex.), July 15.—The issue of whether or not the Baptist church as an organization is seeking to name the next Governor of Texas has been raised in the pending campaign for the Democratic nomination for that office.

Pat Neff, member of the board of trustees of Baylor University, a Baptist institution, is a prominent candidate for the nomination.

In a speech last night at Tyler, B. F. Looney, one of his opponents, charged an organized propaganda upon the part of the church to secure the nomination for him.

SUPPORTS CHARGE.

In support of his charge, he cited the fact that every prominent Baptist minister and educator in the State is actively supporting him.

He pointed to the fact that Dr. Brooks, president of Baylor, has been charged early in the year with sending letters to all Baptist churches urging that the members say their poll tax in order that they would be in position to vote for Neff.

Brooks further declared that Neff had never smoked, chewed, or taken a drink of whisky in his life. He even said that he had never loaded a gun, or baited a fishhook.

He now says that a man who has led such a model life should not engage in the demoralizing business of politics.

CONSTITUTION VIOLATED?

Looney charges that Neff's candidacy is in violation of the First Amendment to the Constitution of the United States which prohibits the establishment of a State religion.

Neff's other opponents are also severely criticizing him, one of them, R. E. Thompson, charging that Neff had been riding over the State on a campaign in the interest of his candidacy, while former U. S. Senator Joseph Weldon Bailey declares that all three of these candidates are too friendly toward organized labor.

OPEN-SHOP PLATFORM.

He is getting his campaign on an open-shop platform and a promise of a reformation of the constitution of government in the State and rigid economy.

There are a half million Baptists in the State, 300,000 more than the Methodists, next in numerical strength, can muster. Three of the candidates, Neff, Looney and Bailey, are Baptists, though the leaders of denomination have centered on Neff.

Thompson names in the Methodist church.

The result of the participation of the church in the campaign is creating much interest.

He has openly declared that ministers should stay out of politics, and has been severe in the condemnation of some of these methods. It is generally agreed that Bailey and Neff are the leading candidates.

Two heads are better than one. The service I offer is solely advice and guidance on business matters, opportunities, property or other investments, large or small. I have nothing to sell and act only as your adviser. My ability, experience and judgment will help the successful conclusion of your plans. If I can't help you, I don't charge you. J. P. PHELAN AIDS IN  
SUFFRAGE FIGHT

Sends \$1000 to Help Win  
State of Tennessee.

Money Being Sent to Women  
from Many Sources.

Civil War Veterans and Taxi  
Drivers Contribute.

BY ROBERT B. ARMSTRONG.

(EXCLUSIVE DISPATCH.)

WASHINGTON, July 15.—Senator Phelan heaped coals of fire on the suffragists yesterday.

When he was a candidate for election to the Senate the suffrage party, or at least the militant branch, fought him because they claimed he was against women voting.

Today he sent the National Women's party a check for \$1000 to try and help win over the Democratic State of Tennessee for ratification.

The women are raising a large sum in amounts from \$1 up and claim they will need it to get the ratification in time for the vote at the November election.

Senator Page of Vermont has contributed to the campaign to make his own State the thirty-sixth.

Other contributions are coming from all parts of the country. Gen. Anson Mills, Civil War veteran and long supporter of suffrage, has given \$500 in honor of his grand-daughter toward the fight.

William Springer, also a veteran of the Civil War, and constant contributor to the woman's party has given a dollar for every State in which the women have campaigned for ratification.

Democratic women attending the convention in San Francisco sent a large sum through Lawrence Lewis, finance chairman of the women's party, who was present at the convention.

Among the gifts of Republican women voters was \$500 from Mrs. H. O. Haymer of New York and a valuable necklace and pendant sent by Mrs. Bertha Fowler, Colorado chairman of the woman's party.

But the largest part of the \$120,000 so far raised for ratification has been made up, according to the treasurer of the National Woman's party, of small sums, such as the \$50 contributed yesterday by a taxi driver, who took a party of suffragists to the station where they were to take the train for North Carolina and Tennessee.

CENSUS BULLETINS.

(BY A. P. DAY WIRE.)

WASHINGTON, July 15.—Tribal, Colo., 10,198; increase 702 or 6.9 per cent.

Rocky Mount, N. C., 12,743; increase 491, or 3.8 per cent.

Hawaii, 265,012; increase 64,003, or 24.1 per cent.

Chicago, 2,327, increase 31,144, or 1.3 per cent.

Hilo, 10,431; increase 3686, or 34.9 per cent.

An error, due to duplication, has changed the population of Newark, N. J., to 414,116, instead of 415,601, as previously announced, or a decrease of 1333, the Census Bureau announced today.

MEXICAN ARMY SOON  
WILL BE REORGANIZED.

(BY A. P. DAY WIRE.)

WASHINGTON, July 15.—Reorganization of the Mexican army on the Chilean system has been entrusted to a board appointed by President De la Huerta, said dispatches received today by representatives here of the new government.

The dispatches denied reports that a censorship had been re-established. Denial also was made of reports that Gen. Pablo Gonzalez had started a revolutionary movement in the north.

ST. LOUIS, July 15.—Mrs. Maud M. Lawton has won a divorce from Carl M. Lawton, general manager of the Lawton-Byrne-Bruner department store. She also was given the custody of their minor child.

The Rev. J. H. Robinson, bishop of the Wichita Catholic diocese, formerly of St. Louis, died in Wichita, Kan., yesterday following a stroke of paralysis.

The personal property of the late R. H. Lawton, president of the National Ammonia Company, who died April 16, last, is listed at \$509,692 in an inventory filed yesterday in the Probate Court.

Attorney's fees aggregating \$40,000 have been asked by lawyers representing various interests in litigation in which an effort was made to set aside a trust agreement made in 1914 by Henry R. Graham.

DETROIT, July 15.—The homes of fifty-eight Michigan Central Railroad employees were searched yesterday and six were arrested on charges of robbing the mails. Plunder valued at \$5000 was recovered. Thefts covered a period of two years, the office said. Four of the six men pleaded guilty.

Mrs. J. L. Robinson of Detroit eliminated Miss Lucille Desenberg of Kalamazoo, State golf champion, in the State tourney here yesterday, 2 and 1 in the first round.

Citizens from all walks of life attended the funeral of Attorney G. E. Monaghan at Blessed Sacrament Church yesterday. Both municipal and county courts were closed during the funeral.

MINNEAPOLIS, July 15.—The City Council inclined to resent the action of the board of arbitration in compelling figures to show the rate of fare needed by the Minneapolis Street Railway Company, is likely to proceed with the passage of an ordinance increasing fares before the arbitration body has completed its investigation. It was intimated at the City Hall yesterday.

First positive assurance that the Northwest will have an adequate coal supply this winter came yesterday in a telegram from John F. McCre, State Coal Commissioner, to Gov. Burnquist and the associated business organizations of Minneapolis, whom he is representing at Washington.

The Hennepin county grand jury yesterday submitted a report recommending that the municipal Building Commission should proceed at once to reorganize the different offices in the County House of City Hall building and if any of the different county or city, fails to comply with the order a test suit should be brought in court to determine the authority of the commission.

INDIANAPOLIS, July 15.—Albrecht Kipp, president of Kipp Bros., dealers in toys and notions and a prominent Indianapolis clubman, is dead, but aid digestion and strengthen the stomach. [Advertisement.]

## TURK DELEGATES GUILTY.

(BY CABLE AND ASSOCIATED PRESS.)

CONSTANTINOPLE, July 15.—Damad Pasha, the Grand Vizier, and the other peace commissioners of the Turkish Cabinet, yesterday were found guilty of treason and sentenced to death by the National High Court of Justice at Ankara, according to advices received here.

Damad and the other members of the peace delegates were tried in their chambers on the charges of having betrayed Turkey in the negotiations at Paris.

Earle V. Hitch, formerly of Evansville, has been appointed as the new publicity director for the Republican State Committee.

Bastille Day was observed in Indianapolis by the Alliance Française and the organization's headquarters. The program included a talk by Claude Michelson, president of the organization, and patriotic music.

DES MOINES, July 15.—Ethel Stansberry of Coalfield, in an attempt to save her nephew, Clifford Edwards, from drowning, died with the boy in Miller's Creek near Edwille.

The marriage of Senator E. E. Mitchell of Mahaska county several years ago was brought to light yesterday when he was granted a divorce. His wife was awarded \$7000 alimony.

E. W. McManus of Keokuk and Mike F. Dodge of Dodge county mentioned for chairman of the State Democratic convention and H. C. Walker of Des Moines as Republican chairman.

A grand jury investigation into the death of Willard Torkelson of Belmont failed to indict Adolph Christensen of Hayfield, who, relatives claimed, murdered the boy.

Christensen claims that the boy ran into a barbed-wire fence and broke his neck.

KANSAS CITY, Mo., July 15.—The joint driving of the Mount and Kansas side Chambers of Commerce for \$50,000 to be used in the interest of good roads in Missouri and Kansas was launched yesterday.

A demand of \$20,000 more for the removal of the city's garbage was made by Mayor Clegg Tuesday by Clifford R. Hea, the contractor.

Mrs. Cecilia Lillard, 25 years old, bride of four months, was killed, and three women companions and a baby narrowly escaped death Tuesday night when the motor car in which they were riding backed down a fifteen-foot embankment in Spring Valley Park and overturned.

The Hospital and Health Board Tuesday took the initial step to place the operation of the General Hospital on a business basis by naming William Miller, president of the board, general manager of the institution. He will assume his new duties on Friday and will receive an annual salary of \$2500.

DENVER, July 15.—More than 100 residents in the vicinity of Tremont and Twenty-fifth have petitioned Manager of Safety Downer to prohibit meetings of the Holy Jumpers. They declare they are unable to sleep on account of the noise.

Mr. and Mrs. Edward B. Morgan announce the engagement of their daughter Helen to Carl H. Bremer of Bremer & Co., N. Y.

The Ford Motor Company's local branch will resume assembling of cars August 1, following two years' shut.

Attorney Leroy McWhinney, a former Los Angeles Times reporter, today announced his resignation as officer of the United States National Bank.

SQUATTER IS  
ANXIOUS FOR  
LAND TITLE.

Unclaimed Strip of Earth  
May be Worth Millions, as  
Oil is Nearby.

(EXCLUSIVE DISPATCH.)

FT. WORTH, July 15.—Down in the Red River bottom between McCurtain, Okla., and Red River county, Texas, is a squatter who for many years has occupied a tract of land covering between 400 and 500 acres.

Neither Texas nor Oklahoma has claimed the land. The squatter has been tax free.

Now he would like to know where "they" want to get out on two sides of me and it appears that I am setting over a pool, he wrote recently to the State Land Office, "and it is time I am finding out where to get title."

"The land was worth a million dollars if oil is found, it is declared. This squatter's predicament became more acute last week, when survivors passed down Red River to trace the boundary line between the States from the Arkansas border to Greer county.

Along the river in McCurtain, Choctaw and Bryan, Okla., are tracts which officials of the counties claim are a part of Texas. Over the river in Grayson, Red River and Lamar counties are lands that are recognized by Texas officials as belonging to Oklahoma. The total of acreage appears to be about a standoff as between the two States.

In many places the channel of the river has changed materially from its location in 1819, when the Spanish treaty boundary was established.

Woman, 101 Years Old, Dies.

(BY A. P. DAY WIRE.)  
GUERNSEY (Wyo.) July 15.—Mrs. Eliza Neel, 101 years old, died here yesterday. She was said to be the oldest woman in the State.

About Digestion.

Digestion begins in the mouth. The food should be thoroughly masticated and swallowed. It is swallowed. When this is habitually neglected stomach trouble is almost sure to follow. If you now have indigestion eat no beef or veal and sparingly of other meats, masticate your food thoroughly and you may recover without taking any medicine. If your bowels are constipated take Chamberlain's Tablets. They not only cause a gentle movement of the bowels, but aid digestion and strengthen the stomach. [Advertisement.]

CHANGE WHEAT PIT  
NOT VERY EXCITING.

OPENING AFTER THREE-YEAR  
SHUTDOWN MADE WITH  
LOW PRICES.

(BY A. P. NIGHT WIRE.)

CHICAGO, July 15.—Reopening of future delivery wheat business today attracted numerous visitors to the Chicago Board of Trade, but as a spectacle it was all over in a couple of minutes.

The big trading hall on "change" was exceptionally crowded to witness the fresh start of the business after a stoppage of nearly three years on account of war conditions.

The initial scramble of brokers competing to buy and sell wheat in the future delivery market was largely governed by the value of all breadstuffs, foreign as well as domestic, came in a twinkling, and the familiar old-time uproar of the wheat pit joined with vigor the din from the other pits.

Turnout in the wheat crowd proved brief, however, for most of the brokers soon trooped into the corn, oats and provision pits.

Heavy margins necessary to cover possible violent fluctuations had apparently checked any big volume of trading.

Prices changed during the day within ordinary limits, with December wheat the principal option, opening at \$2.72 to \$2.75, somewhat lower than had been generally expected, and closing weak at \$2.70 1/2, influenced more or less by weather conditions likely to avert crop damage from black rust.

COMMITTEE PREDICTS  
LOWER COAL PRICES.

(BY A. P. NIGHT WIRE.)

NEW YORK, July 15.—A reduction in the price of bituminous coal was predicted today by members of the subcommittee of railroad officials and coal operators meeting here to complete details of a plan to relieve the coal shortage in New York City, New England and the Northwest.

By a scientific distribution of cars the committee hopes to provide a steady stream of coal to the affected districts. Under this plan, the committee believed, the coal speculators would find it impossible to exact the high prices that the acute shortage has made possible. The car shortage alone is the stumbling block, it was said.

Price Set for Prunes and Apricots.

(BY A. P. NIGHT WIRE.)  
SAN JOSE, July 14.—At a meeting of the directors of the California Prune and Apricot Growers' Association here today the price to growers for the top grade of apricots, extra fancy Moor Park, was set at 13 cents a pound. The lowest grade will be 18 cents. This year's prices average a cent a pound above those of last year.

For a Billions Attack.

If you have bilious attacks give Chamberlain's Tablets a trial. They are excellent. Willis Browning, Patonsburg, Mo., has this to say of them: "About a year ago my wife used a bottle of Chamberlain's Tablets and they cured her of a bad bilious attack, also of constipation, from which she had been suffering for years." ## Hale's Drumming Out Sale

\$5 Star Electric Vibrator \$3.75

Because of their successful use in beauty culture and the treatment of nervous disorders and a number of other diseases, electric vibrators are coming more and more into general use. Yet because of their high price they have always been considered somewhat of a luxury.

To meet the demand for an electric vibrator at home we obtained these Star Electric Vibrators. \$5.00 is the price generally asked for them. As a "special" for Friday we offer them at this sensationally low price. **\$3.75**

Electric vibrators are used for facial massage, scalp treatments, neuralgia, rheumatism, nervousness, indigestion, constipation, headache, insomnia, obesity, double chin, wrinkles, crow's feet, sore muscles and various other purposes.

(Hale's—Main Floor)

(Hale's—Third Floor)

## PLANNING NEW UNIVERSITY TAX.

U. of C. Heads Would Levy on All Property.

Increased Income is Needed to Maintain Berkeley.

Middle Western States Have Used Idea Successfully.

(BY A. F. DAY WIRE)

SAN FRANCISCO, July 15.—A statement regarding its campaign for a constitutional amendment to lay a fixed tax of 1.2 mills upon all property in the State covered by tax assessor in order to provide the University of California with an adequate income was made public by Warren Gregory, representing the alumni association of the university here today. The statement said: "The plan proposed has worked so well in other States that their people cannot be persuaded to return to the system that California still follows of leaving the university dependent upon the legislature's periodical generosity."

ADOPTED BY MICHIGAN. This also is the plan by which the University of California was supported for over twenty years prior to 1910.

"Michigan, whose university is of the first rank, adopted the present mill tax many years ago and has been followed in that plan by Wisconsin, Illinois, Indiana and other of the Middle Western States. In Mar. 1910, Oregon adopted the same plan. In none of these States have there arisen complaints that the universities do not respond to the wishes of the people or represent Democratic ideals."

"The University of California has now reached the fork of the road. Either it must have a larger income or higher education in California can no longer be free and popular as it has been. The need of providing the university with a larger or more dependable income is self-evident and it is time to take serious thought for definite action and put the finances of the university on a stable foundation. This proposed constitutional amendment has this end in view."

WANT CURRICULA CHANGED. BERKELEY, July 15.—Demanding that school curricula be changed and that pupils be given the opportunity to learn their letters and numbers while playing, speakers before the convention of the American Physical Education Association opened their annual session at the University of California today. Mrs. Daisy Harrington and Dr. William Burdick were speakers. Three hundred children in a play school on the campus demonstrated the methods by which arithmetic and other studies may be taught through games.

Prof. C. E. Rugh of the university department of education declared that college athletics interfere with real physical education. Such athletics, he declared, are

not play, but work. Dr. William Burdick, physical director of the State of Maryland, declared the West led the whole country in physical education.

"Nowhere else," he said, "is property of so little value as compared with the lives and happiness of children."

Dean Walter Morris Hart of the university summer session in his address of welcome advised making dancing a required study for every university student. The convention continues tomorrow and Saturday. Delegates are in attendance from nine Western States.

## It's Dangerous to be Generous in Indianapolis.

(EXCLUSIVE DISPATCH.)

INDIANAPOLIS, July 15.—In these days of high cost of living it is so unusual for any one to give anything away that a man was arrested for giving money to a newsboy today.

John Snyder of Peoria, a carpenter, gave \$40 to Hymie Granofsky for a paper. Hymie, who said he feared having to explain to his mother how he obtained the money, took it to Traffic Policeman Icenogle, Icenogle took the \$40 and arrested Snyder, taking him to police headquarters, turning him and the money over to officers there.

Snyder explained that the boy told him he needed a pair of trousers and that he was sick. He said he gave him the money for this reason and contended he had a right to give away his own money. He had \$122.25, for which the \$40 he gave the boy. He was held on a charge of vagrancy.

## SHIPPING BOARD GETS BIDS OF FUEL OIL.

OFFERED \$22,553,000 BARRELS AT FROM \$1.40 TO \$1.45 PER BARREL.

(BY A. F. HART WIRE)

WASHINGTON, July 15.—Approximately 125,453,000 barrels of oil were offered the Shipping Board today when bids for one-year, three-year and five-year supplies of such fuel were opened. Prices quoted ranged from \$1.40 to \$1.45 a barrel.

The board had asked for offers to furnish about 135,000,000 barrels for the five-year period for delivery at American and foreign ports.

Most of the bids were conditioned upon the Shipping Board's furnishing transportation for the oil. Generally the bidders specified that import duties and taxes be paid by the board.

Action was deferred.

Chamberlain's Colic and Diarrhoea Remedy.

Every family should keep this medicine at hand during the hot weather of the summer months. It is almost sure to be needed before the summer is over and when that time comes it is worth many times its cost. It has no superior for the purpose for which it is intended. Buy it now.—[Advertisement.]

## What Is the Money Value of Your Family's Happiness?

The question arouses a man to the indignant feeling that the happiness of his family cannot even be thought of in terms of money!—it is something so dear to the heart that there is no price so great that it would not gladly be paid if it would mean happiness and advantages for the loved ones.

## KNABE AMPICO Reproducing Piano

## WANTS STATE TO BUY COAL MINE.

Governor of Indiana Asks Assembly to Act.

Would Secure Supply for Public Institutions.

Declares He Can Sell Product for \$2 Per Ton.

INDIANAPOLIS, July 15.—Gov. Goodrich is insisting that the special session of the State Legislature act favorably on his request for passage of the bill providing for the purchase of a mine, to be operated by the State, to provide coal for State institutions.

This was indicated by a statement made by him in support of the measure yesterday. The measure is one that he has advocated for some time, because of the acute coal situation in the State, and was one of the leading points in his message to the Assembly.

The Governor deals in his statement with the cost of mining coal under private ownership and the relative low cost with which he estimates the State could operate a mine. "Coal mined and placed on cars at the mines at a cost of less than \$2 per ton is quoted to the State at a price of \$2.25 to \$2.35 per ton," the Governor declared, in answer to opponents of the measure, who say that State ownership of a mine is a step toward State Socialism.

The statement continued with the declaration of the Governor that he could take an appropriation sufficient to purchase, operate or lease a mine and that he could mine the coal.

### A False Standard of Culture.

has gained ground in this country which looks upon the hearing and rearing of children as something coarse and vulgar and to be avoided, but the advent of Eugenics means much for the motherhood of the race. Happy is the wife who, though weak and ailing, depends upon Lydia E. Pinkham's Vegetable Compound to restore her to health. When she has a headache and backache, and aches of the past-brave sons and fair daughters find up and call her blessed.—(Advertisement.)

**National SEXTET**

**INFINITELY SUPERIOR**

**Why Be Skinny?**  
It's Easy to Be Plump, Popular and Attractive.

It's easy to be plump, popular and attractive instead of being thin, angular and unattractive. Almost invariably the trouble is due to weak digestive system. You may eat heartily, but owing to lack of nervous energy and impaired blood you don't get the benefit from the food you eat. All of this can be remedied very quickly by taking with each meal a five-grain tablet of Blood-Iron Phosphate. This quickly strengthens the nervous system, enhances the blood and increases its oxygen carrying power, and in a remarkably short time the average thin, weak, nervous man or woman begins not only to put on flesh, but also begins to look and feel better. Sleep, appetite, strength and endurance are increased. There is no reason why, if you take Blood-Iron Phosphate regularly, you should not soon look and feel much better and many years younger. Depend on Blood-Iron Phosphate for all these needs. The Sun Drug Company, 1000 Broadway, New York, N. Y., has enough Blood-Iron Phosphate for all these needs. The Sun Drug Company, 1000 Broadway, New York, N. Y., has enough Blood-Iron Phosphate for all these needs. The Sun Drug Company, 1000 Broadway, New York, N. Y., has enough Blood-Iron Phosphate for all these needs.

### RUTH ROLAND'S BEAUTY ADVICE

Ruth Roland, that beautiful actress, is famous for her wonderful complexion. When her friends inquired about it, she said, "It is all due to a simple toilet preparation called dermillo, which I use twice daily. Any girl or woman can beautify their complexion if they follow my advice. Here it is: Just go to any up-to-date toilet counter and get a bottle of dermillo, use it as directed, and let the first application wash itself out. It immediately gives the skin a youthful, rosy-white appearance and clear baby softness as much desired by everyone." Be sure to read the large advertisement of Miss Roland's skin as it appears in this paper, which she tells how to instantly have a beautiful, rosy-white complexion and soft, unlined skin everyone "just loves to touch." In the meantime try dermillo today; you will be delightfully surprised.—(Advertisement.)

## RIDES BUMPERS DRESSED AS MAN.

HELENA (Mont.) July 15.—Miss Hazel Moore, a young girl from Portland, Ore., who arrived here on the bumpers dressed as a soldier, is being held by the Sheriff.

The girl said she had started out to see the world. She had a ticket from Portland to Missoula and says she took the bumpers there.

Authorities are endeavoring to communicate with relatives in Portland.

## CAVALRY FIGHT OF RUSS IS ON.

Brusiloff Saves Day by Ordering Ride of 1000 Miles.

Gen. Wrangel Sends Horsemen Against Budenny.

Outcome of Great Conflict is Yet to be Decided.

By PAUL WILLIAMS.

WARSAW, July 14.—For half a century or more infantry, artillery and sea battles have been monopolizing the stages of history. But there just has been a complete change in the isolated stretches of Southern Russia and Galicia a movement of heavy cavalry masses of such major importance that the fate of Poland seems to hang on the uncompleted outcome.

It was a race of two armies of cavalry—Budenny against the Don Cossacks.

Budenny's cavalry only a few weeks ago was at Novorossisk, on the eastern end of the Black Sea. Suddenly the Don Cossacks, the Western Reds, began to look to the other corners of their empire for reinforcements to save Moscow. Gen. Brusiloff faced a country practically denuded of railways and heavy equipment. Movements of large bodies of infantry was a matter of months.

Turns to Budenny.

In this crisis Gen. Brusiloff turned to Budenny's Cossack cavalry and summoned them across Southern Russia—1000 miles. Within three days the first column whirled by Rostov on the Don and around the head of the Sea of Azov to the westward. The Cossacks "fed on the country."

As these columns thundered by to the north of the Crimea the echoes of their movement roused Gen. Baron Wrangel, the young commander of the White Russians who succeeded Denikin.

The dust of Budenny's cavalry had not yet settled on the steppes when thousands of Don Cossack cavalrymen, sworn foemen of Budenny, detached themselves boldly by columns from the protection of Wrangel's line and struck out in a race with Budenny's men for the Polish front.

There was no record available of the Don's tracking of the Red cavalry. Budenny's men naturally arrived first on the Russian-Polish front. The track swiftly around to the south of Kiev. The Poles were compelled to evacuate that city and retreat rapidly in order to save their army.

Another blow struck.

Having gained their first point, the Reds now planned to drive the Poles up against the Pripiet marshes and then to strike the Polish line.

But at this moment the Polish commander on the walls of Brest-Litovsk, winning almost all the plains the dusty pennons of the Don Cossacks. The last columns of the Don Cossacks had emerged from the gap they had cut through the Bolshevik lines when they launched an attack which shook Budenny's front from their feet and threw them back into the Red line, which itself wavered and for a time retired.

The battle still continued. At the Don Cossacks, by their long ride, have retrieved the Polish center army from collapse and have stiffened the front.

Other Don cavalrymen still are sweeping through the Red line and joining the Poles. They now number several thousand.

London Report.

LONDON, July 14.—Five thousand Cossacks will be sent against the Bolsheviks in the Province of Mtskhetian, in Northern Persia, and bordering on the Caspian Sea, according to a Tehran dispatch to the Daily Mail.

## SHIMA SHOWS JAPDELTA.

(Continued from First Page.)

countering playing near the stores and some adult Japanese, but in general had the same deserted appearance of any village in a farming community at 10 o'clock in the morning.

Although it was a rather warm day, three of the Congressmen wore their overcoats, while King Swept of Kentucky, who admitted he was the youngest man of Congress and only twenty-six years old, had substituted a dark suit for the white serge in which he graced the cool Senate chamber of the Capitol yesterday.

None of them referred to their declarations of opinion in regard to the immigration question made last night except to say that their speeches at the banquet in honor of Gov. Stephens were not the result of a concerted agreement or decision reached beforehand.

Japs Buy Land.

EL PASO (Tex.) July 15.—Sale of \$25 acres of land situated near San Elitario, El Paso county, to T. H. F. Shiraishi, Japanese, from California, has been completed, according to warrant deeds on file.

Local realty men say this acreage is the first property transferred from the Elephant Butte Dam to be acquired by Japanese. Dyo and Shiraishi are said to represent, besides themselves, a number of other Japanese farmers from California. The land was purchased for \$117,000 from J. R. Rasmussen and will be planted in cotton.

## DRY LAW VIOLATORS FEEL COURT'S WRATH.

EUREKA, July 15.—Twenty-five violators of the prohibition enforcement laws were given sentences in Federal Court today by Judge Dooley.

Twelve fines were imposed, aggregating \$1000, while thirteen persons, including many former saloon men here, were sentenced to jail for from thirty days to six months.

Fred E. Peaslock, on whose premises it was alleged were found distilling apparatus, corn mash and whisky, demanded a jury trial. It was expected his case would be concluded tomorrow.

## FIRES IN ARIZONA FOREST CONTROLLED.

ALBUQUERQUE, July 15.—Fires in the Coconino National Forest near Flagstaff (Ariz.) were under control today, according to reports. Six sections of timberland were burned. Mexican shepherds, convicted of starting one fire, was fined \$25 and sentenced to jail for ninety days.

## GERMANS WILL GIVE UP FIGHT.

(Continued from First Page.)

agreed to the Allied demand of 2,000,000 tons monthly, with three new conditions.

The German acceptance was embodied in a note which was laid before the Allied premiers this noon by Premier Lloyd George. The conditions were these:

First, the German government to have the distribution of the Russian coal or to be allotted 1,500,000 tons monthly for northern Germany instead of the present allotment of 1,200,000 tons.

Second, a mixed commission to be sent to Essen to examine food and housing conditions.

Third, the Germans are asked to advance money or provide credit for importing additional food for the entire German population.

TO PREVENT ULTIMATUM.

Foreign Minister Simons sent word to Premier Lloyd George about an hour before the Allied representatives met today that Germany would accede to the Allied demand and that a written note would be forwarded immediately. The Foreign Minister said that by this means he wished to prevent the Allies from forwarding the proposed ultimatum to Germany.

The Allied ministers, up to shortly after noon, had not yet announced whether the conditions were acceptable. These included a stipulation that Germany must receive raw materials.

First, by allowing Germany the cash difference between the price of coal at the pit mouth in Germany and the price of coal on the world's market.

Second, by making a generous arrangement with regard to shipping. Third, by giving Germany some security or assurance against the menace of invasion if she should at any time be a little behind in her deliveries.

Herr Simons added in his letter: "These are not conditions, but simply an expression of our hope."

Taking up the German communication at once, the Allied prime ministers discussed it for two hours and a quarter, and then took a recess until 3:30 p.m.

No announcement was made as to the Allied attitude with regard to the German conditions, but it was understood that the chief question was whether Germany should receive the difference in cash between the price of coal at the pit mouth in Germany and the world market price, which the French delegates, it appeared, opposed.

## THIRD PARTY A DUD.

POLITICIANS DECLARE.

REPUBLICANS AND DEMOCRATS RELIEVED AT OUTCOME OF CHICAGO GATHERING.

(EXCLUSIVE DISPATCH.)

WASHINGTON, July 15.—The bad setback of the third party at Chicago brought relief to both Republicans and Democrats here today.

A few days ago, it was generally admitted that a third ticket and platform might be put forward with damaging potentialities.

There were politicians who saw the prospect of the new party cutting into the Republican vote or the Democratic vote rather seriously in some sections of the country. They were not sure which major party might be hurt worse, and they were somewhat fearful of taking chances with any random tossing of political monkey wrenches into the campaign machinery.

After yesterday's performance at Chicago, particularly because of the nominees selected, both Republicans and Democrats regard the third party movement as a "dud."

They can't see how it can cause any important explosion during the campaign and its chief effect, viewed here, probably will be to draw some strength from the Socialist party. It may here and there pull a radical Democrat or Republican from the fold, but cannot be expected to make any notable inroads on either of the two big parties.

## STOCKS' RISE MAKES BEQUEST VALUABLE.

GIFT WILLED TO A TRADES SCHOOL BY AMMONIA MANUFACTURER WORTH MUCH.

(EXCLUSIVE DISPATCH.)

ST. Larkin died last April. In his will, made last March 29, Larkin expressed a preference as to how his bequest was to be used, but stated that his preference should not be binding upon the trustees to the detriment of their view of the best interests of the school.

He expressed a desire that some

## RADICALS FACE CHICAGO JURORS

"Red Kingdom" Dream of Communists-Laborites' Fades.

Twenty Defendants Subscribe to Moscow Manifesto.

Speech of Violence Testified to by Witnesses.

(EXCLUSIVE DISPATCH.)

CHICAGO, July 15.—Visions of a "Red kingdom," in which the soapbox windhammers and loafers who will not work and who own no property would be in control of all property accumulated by others, were portrayed today to the jury which is hearing the trial of the twenty Communist-Laborites, who are charged with conspiracy to overthrow the government of the United States and seize everything.

Exhibit No. 14, the Moscow manifesto, one of the strongest bits of evidence in the hands of the State, was shown to the jury and explained in all its extreme radical details.

It has already been shown that the defendants subscribed to this manifesto and the State claims it will prove all of them were pledged to enforce its provisions in this country.

STATE RUIN URGED.

It urges annihilation of the State and would substitute a proletarian protectorate that would recognize no rights of property and would put all control of production into the hands of the workers. All wheels of the old order of progress, industry and social life would be stopped and there would ensue a regime of "industrial discipline."

Russia at this time is giving the workers a taste of this benevolent form of government.

Men are forced to work eight hours with 20 minutes for lunch, no time to smoke a cigarette or pipe, and they are paid in groceries and other supplies—no money.

STATE TAKES DABIES.

If a birth occurs at their homes they are not permitted to quit work even for a few hours and the state takes possession of the offspring.

This was the sort of "uplift" government the Communist-Labor party proposed to build upon the ruins of the present American government when it had been destroyed, according to the prosecution. The Communist indictment this Moscow manifesto in their party platform.

Additional witnesses were heard today, verifying the speech made by William Brown Lloyd, when he urged them to buy machine guns, dynamite and ammunition and dynamite the banks to secure funds wherewith to buy machine guns and field guns and to otherwise finance the revolution.

INCORPORATIONS.

Masonic Building Association of Downey, incorporators, W. M. Booth, H. H. Coward, J. M. Reeves, A. L. Darby, S. J. Stratton; capital stock, \$25,000; subscribed, \$500. **TRACY TALK**

**ANSWERS.**

**Living Costs High.**

Horace Binney Hare, prominent clubman, asserted positively that he did not feel the least bit guilty because he is unmarried.

"You tell Mr. Russell for me," he said, "that if he will kindly reduce the cost of living I might marry, and I probably would."

"I seriously believe he should address himself to the problem of reducing the cost of living. If he succeeded there would be fewer bachelors."

Leighton C. Taylor, secretary to Senator Penrose, and one of the most notorious single men in town, boldly admitted that he not only was a bachelor at present, but had high hopes of continuing so.

**BACHELORHOOD SUITS.**

"Who is this Indian who makes all these statements?" he asked when he learned the kinds of things Mr. Russell had been saying about him by inference. "I admit I'm a bachelor and intend to remain so. It fits in with my scheme of things very nicely."

John J. Sullivan, prominent lawyer, refused to take issue with Mr. Russell on the subject of bachelorhood. He intimated that he was not defending the life of a bachelor, but merely living it.

Miss Mary Winsor of Haverford, conspicuous in the equal suffrage movement, quoted the Bible in reply to Mr. Russell's criticism.

"You know what St. Paul said," she remarked. "The unmarried woman cares for the things of the Lord, but the married woman cares for the things of the world, that she may please her husband."

**TRAFFIC TANGLE**

**in Air Causes Thunderstorm.**

A "head-on collision" of different types of electricity moving in the upper air lanes caused the brief thunderstorm early yesterday morning, according to the experts in the United States Weather Bureau.

The rain, which was recorded here as a "trace"—meaning a quantity less than one one-hundredth of an inch—came as the result of the sudden reaction of the combined electrical disturbances on the atmospheric moisture in the vicinity of the "collision," it was explained.

While rather unusual at this time of the year, electrical thunderstorms are not altogether rare, some of them having visited Southern California as late as August.

**Musical Note.**

"Something new."

"Eh?"

"Graphophone music produced by compressed air."

"I suppose we may expect arias from the future machine," [Louisville Courier-Journal.]

**PICNIC GIVEN**

**TO WAR BRIDES.**

**Kansas City Woman Entertains French Girls.**

**Bastille Day Celebration is Motif for the Fete.**

**Informal "Alliance" Formed by Veterans' Wives.**

[EXCLUSIVE DISPATCH.]

KANSAS CITY, July 15.—It was more than an American picnic that Mrs. A. T. Ayers had for Kansas City's thirty or more war brides yesterday afternoon and last night.

It was a gala day, a fete day, a patriotic day. July 14 is the most joyous time in all France and French wives have not forgotten any such holiday. It was with effervescent enthusiasm they celebrated their national holiday this year.

Several weeks ago Mrs. Ayers invited all the French war brides in Kansas City to come to her house, 1415 Locust street, on July 14, for a picnic. Madame is Parisienne. She married an American and perhaps she remembers the first Bastille day she spent in a foreign land.

Madame's house and garden were profusely decorated, trimmed in the colors, red, white and blue, woven

together, and formed spots of vivid color everywhere. The garden was fenced around with an artistic paper chain which only the patient hands of France would take time to do. It all looked like a small slice of Paris.

After the guests began to arrive about 4 o'clock there was much to talk about and it was the first time some had been able to talk French freely since landing. American husbands do not always make good French listeners. Many questions were asked and few answered. There never was time to reply.

A few husbands came. They gathered in one corner of the garden and smoked very American-looking cigars. The Argonne and Chateau Thierry were refought under a lilac bush.

Toward the end of the party there were many pencils busy taking down addresses, for it is good to see one's countrywomen and talk home language.

An informal French "conference" is to be formed by the French brides. They plan to meet the first week in August and discuss future arrangements. This group will first be friendly to one another to fortify their hearts on loneliness.

**Village Can Expand Now.**

After being hemmed in for 150 years, Statistburg will expand. Harry C. Barker, as trustee, has sold about thirty acres of real estate in the village. It was known as the Mulford tract, and had been held by the family as a grant from King George. Shut in both on the north and south by the estates of millionaires, no chance for the expansion of the village in those directions was possible. The opening left was to the east, which has been provided by the recent deal.—[New York Evening Sun.]

**CAMPBELL TO**

**BE CANDIDATE.**

**Arizona Chief Executive to Seek Office Again.**

**Republican State Committee Indorses G.O.P.**

**National Administration is Condemned at Meeting.**

[EXCLUSIVE DISPATCH.]

PHOENIX, July 15.—The Arizona Republican State Central Committee met in Prescott today with about 250 other Republicans from all parts of the State.

It devoted the major portion of its time this afternoon to condemnation of the national administration. The members pledged the party of this State to the national Republican candidates and the platform by resolutions unanimously adopted.

**CAMPBELL A CANDIDATE.**

Gov. Campbell announced himself as a candidate to succeed himself. Attention was directed in a resolution to the Governor's good roads and reclamation policies and approved his firm stand in face of persistent opposition to save the people of Arizona large areas of State land for bona fide home building.

Thomas E. Campbell first ran for Governor in 1914 and on the face of the returns was declared elected. Contest proceedings were brought against him and in the Superior Court verdict was brought in his favor. An appeal was taken to the Supreme Court and by a unanimous decision verdict was returned against him and Governor W. F. Hunt was seated as Governor. This court proceedings lasted nearly a year and during that time Mr. Campbell performed the duties of chief executive.

**WAS RE-ELECTED.**

In 1918 Mr. Campbell again ran and was elected. During his term of office the past two years, he has been a consistent booster for good roads for the State, and one of the monuments of his administration are the many miles of good roads that have been built and improved.

Mr. Campbell has also had a keen vision of what the reclamation of the arid lands of the State would mean to this State, and the nation generally, and has done everything in his power to forward reclamation work.

**LEAGUE PRESIDENT.**

He is president of the League of the Southwest, which is composed of the southwestern States, and whose object is the reclamation of the arid lands for these different States.

He has been to Washington several times in behalf of government aid in forwarding different projects.

Mr. Campbell has also been a strong advocate of saving the State lands for actual settlers, and especially the returned soldiers, and cutting out the land speculators who have been buying up the State lands on thousands of acres of State land at a nominal price per acre per year.

**ATTORNEY UNDER FIRE.**

Mrs. Rose Gannon has filed a libel suit against Attorney Tom Croft, charging him with dishonorable, fraudulent and unethical conduct.

In support of her contention, Mrs. Gannon alleges that between December of 1918 and January of this year Croft received sums of money from her husband, James F. Gannon, to be applied to her account and to be paid to her when she would demand or procure the dismissal of certain suits pending against her husband in the Maricopa County Superior Court.

She claims that the suits were dismissed according to the provisions of the contract and that Croft has not paid her the money. Judge Lyman has appointed a committee of five to investigate the charges and return a written report on the result of their inquiry to the court.

**L.W.W. SECRETARY.**

James F. Gannon, while a resident of this city, was secretary of a branch of the L.W.W. He had domestic difficulties and ran foul of the law on account of his L.W.W. activities, which hastened his departure from this locality.

A few days ago Croft announced his candidacy for justice of the Supreme Court. He has not filed any nominating petitions and claims that he will not run as a party man, and asserts that at the general election he expects to receive a large vote from all parties. He is campaigning on his youth, which he believes to be a vital factor.

**WAS LABOR MAN.**

For two years Croft was president of the Arizona State Federation of Labor, but at the last State convention he was repudiated by the delegates and asked to resign and relinquish his control of the Arizona Labor Journal, the official organ of the federation. He refused to do so and court action was brought and was successful in wresting the paper from his control.

In the election that followed shortly afterward the Croft ticket was defeated.

**AMERICAN BLUEJACKET ESCAPES TRIESTE FIRE.**

[BY CABLE AND ASSOCIATED PRESS.]

TRIESTE, July 15.—Francis Flynn of San Antonio, Tex., who escaped from a burning hotel during the anti-Soviet demonstrations here Tuesday, is an American sailor in the uniform of a chief electrician and is head of the United States Navy communication service in Trieste.

Several American families who were caught in the burning hotel had just arrived from America and were awaiting trains to Jugoslavia. Scores lost their belongings in the fire.

**MUST STAY IN VAULT.**

City Treasurer May Not Deposit any Money for Bond Accounts.

City Treasurer Powell must keep in the city treasury, subject to call, money received in payment of installments of principal and interest on bonds issued to represent assessments from benefits resulting from improvements of streets, according to an opinion given yesterday by City Attorney Burnell. Mr. Powell asked if, under the law, he was permitted to deposit this money in banks at interest, and the answer was that he must hold this money in trust until called for by bondholders.

**University Head Honored by Association**

**Rt. Rev. Thomas J. Shahan.**

WASHINGTON, July 15.—[Exclusive Dispatch.] Rt. Rev. Thomas J. Shahan, rector of the Catholic University of America, has been honored by the Catholic Educational Association of the United States. He has been named by this organization as president-general.

**CHINESE LEADER ACCUSED.**

[BY A. P. NIGHT WIRE.]

WASHINGTON, July 15.—Charging that the Anfu leader, Tuan Chi Jui, former Chinese Premier, had incited Manchurian brigands, Gen. Chang Tso Lin, military inspector of Manchuria, has served notice on President Hsu Shih Chang that he proposes to organize an expedition with a view to occupying Peking until Gen. Tuan has been punished.

This information was received by the State Department. It was also reported that all rolling stock on the Peking-Mukden Railway had been sent to Manchuria.

Another dispatch to the department said a Japanese statement had been published to the effect that Japanese instructors attached to armies commanded by Gen. Tuan had been recalled.

President Hsu is reported to have issued a mandate ordering troops of the contending faction back to their original posts in order to preserve the people from the miseries of a civil war.

**BACKS HIS DEPUTIES.**

**Sheriff Says Supervisors Trespass by Suspending Motor Cops.**

Stating that he was surprised that the Board of Supervisors should suspend M. J. Clark and G. L. Ledbetter, county motorcycle squad, Sheriff Cline yesterday said he would support the two officers in their defense of a charge of taking a drink at Laurel Canyon Road house.

The charge against the two officers was made by W. Y. Cannon, head of the county motorcycle squad, whose commission as a deputy sheriff was revoked by the Sheriff.

"If he makes an arrest I will fall him," said the Sheriff. "I did not revoke the authority of the other speed officers when the squad's activities were taken over by the supervisors because I wanted them to help maintain the peace in the county, and they are a valuable aid to the Sheriff."

## WHAT'S DOING TODAY.

Stowaway. Women's Relief Corps serve dinner at 10:30 a. m. at the Hotel. The Los Angeles Paper Box Factory, will have their annual picnic at Redondo Beach tomorrow, leaving the Pacific Electric's Main Line at 9:30 a. m. There will be a program of sports and other events beginning at 10:30 a. m.

Members of the Lee County (Ill.) Association of Southern California, formerly the Dixon Association, will hold their yearly picnic in Spencer Grove tomorrow from 2 to 7 p. m. A picnic dinner will be served at 5 p. m.

## THE CITY AND ENVIRONS.

Virginia to Picnic. All former residents of Virginia are invited to attend the picnic reunion in Spencer Grove tomorrow. There will be a basket dinner at 5 p. m.

At Redondo Beach. Employees of the Los Angeles Paper Box Factory, will have their second annual picnic at Redondo Beach tomorrow, leaving the Pacific Electric's Main Line at 9:30 a. m. There will be a program of sports and other events beginning at 10:30 a. m.

For Lee County Folk. Members of the Lee County (Ill.) Association of Southern California, formerly the Dixon Association, will hold their yearly picnic in Spencer Grove tomorrow from 2 to 7 p. m. A picnic dinner will be served at 5 p. m.

Norwegian, Swedish and Danish songs will be sung at a concert which will be given tomorrow evening at Redondo Beach, 1240 South Grand avenue, under the auspices of the Norwegian Singing Society. Telephone solos and readings are also on the program.

Past presidents of the Rotary Club will be featured on the program at the meeting of the organization at noon today at 741 South Broadway. Will Parker will speak on the "Motor Truck and the City Coast." Carl Rosenberg on "Selling Sense," and Sylvester L. Weaver on "What Are Our Teachers Worth?"

Commander Thomas A. Symington of the Navy Recruiting Station announced yesterday that twelve more Los Angeles youths may receive enrollment in the naval summer school and camp at Great Lakes, Ill. They should be ready to leave this city, not later than July 24; must be not less than 16 years of age and weigh at least 110 pounds. Parents are requested to call telephone Main 4378.

H. H. Cotton, chairman of the Democratic County Central Committee of Los Angeles, has issued a call for a meeting to be held tomorrow at the Democratic headquarters, 340 Douglas Building, at 2 p. m., at which plans for the enlargement and improvement of the headquarters for the coming campaign will be made. No further notice of this meeting will be sent out.

## COUNTY AGENCY WANTS CITY SOCIAL SERVICE.

MOVE FOR AMALGAMATION NOT APPROVED BY MEMBERS OF LATTER ORGANIZATION.

A committee from the Alliance of Social Agencies yesterday held a conference with the Mayor and the Public Welfare Committee of the Council on the advisability of consolidating the existing city social service commissions. Although this conference followed the announcement in yesterday's Times that the City Attorney Burnell had ruled Mrs. J. T. Anderson, Mrs. Jules Kaufman and Mrs. Lillian McCoy, members of the City Social Welfare Commission, could not also be members of the Women's Council of Community Service, as the latter is one of the organizations under the supervision of the former, it was stated after the conference that the incidents were not related.

"The committee from our organization was appointed several weeks ago to study this subject," said E. K. Foster, president of the Alliance of Social Agencies, said. "There is no antagonism to the City Social Service Commission in this move and our organization is not trying to have the city commission abolished. We appreciate the need of such a commission. We feel that eventually consolidation of the city and county organizations must come, but our investigations indicate that we are not yet ready for consolidation. The conference today was informal and took no action."

Members of the city commission seemed to feel yesterday that the consolidation of a city with a mouse was about the idea the promoters of the new plan had in mind and its object is the abolition of the city commission. Mrs. Foster was emphatic, however, in denying that there was antagonism between the organizations, and said her alliance had considered the consolidation plan simply with the idea of preventing duplication of effort.

The members of the City Social Service Commission are Dr. Joseph Coyne, chairman; Julius Lincoln, Mrs. J. T. Anderson, Mrs. Jules Kaufman and Mrs. Lillian McCoy. They receive no salaries or other emoluments.

## Stowaways in Harvard Make Queer Puzzle.

The presence of twelve stowaways, brought by the Harvard to San Pedro on the arrival of the ship, from New York, by way of the Panama Canal, is giving local immigration officials something to think about.

C. G. Gately, inspector in charge at San Pedro, has the matter in charge, and it is understood that the disposition of the men will be determined by the immigration authorities in Washington.

Of the dozen men found hidden in the hold and other parts of the Harvard, one is a Porto Rican, and an American citizen. There will be no doubt of his admission. The other eleven are West Indian negroes.

Ordinarily, under the law, the master of the Harvard would be compelled to take them back to where they boarded the vessel, but the Harvard is not in the Panama trade, and there is no sister ship of the same line touching at Panama port.

COMPLAINING WITNESS FAILS TO APPEAR AS ASSAULT TRIAL IS CALLED.

After a jury had been drawn and three witnesses had testified yesterday in Judge Willis' court in the case against T. McGuffin, accused of assault with a deadly weapon upon Ralph A. Davis of Whittier, the court dismissed the case because the complaining witness, Bench warrants were issued for him and for Sylvia Hoard, also a witness, but they failed to appear. In the afternoon the two were brought into court and charged with contempt.

Mr. Davis thereupon told of a night's adventure that combined a touch of romance, some "gasoline," and a witness, who was a witness, but they failed to appear. In the afternoon the two were brought into court and charged with contempt.

Mr. Davis thereupon told of a night's adventure that combined a touch of romance, some "gasoline," and a witness, who was a witness, but they failed to appear. In the afternoon the two were brought into court and charged with contempt.

## Sheriff Victor in One Lawsuit; County in Other.

Two cases involving the right of Sheriff Victor to collect and retain moneys received for the subsistence and care of Federal prisoners were decided by Department One of the District Court of Appeal yesterday.

The first decision being in favor of the Sheriff and the second against him.

In the suit brought by the county against Victor, to compel him to pay into the county treasury the sum of \$11,930.84, said to have been received from the government for the care of such prisoners from January 4, 1934 to December 31, 1935, the judgment of Superior Judge Wells was affirmed.

In the companion suit brought by the county against Sheriff Victor to compel him to pay into the county treasury the sum of \$1091.15, said to have been received by that official since April 1935, up to the date of the filing of the action, the judgment of Superior Judge Valentine in the Sheriff's favor was reversed, with instructions to the court to overrule Mr. Victor's demurrer interposed to the petition.

ANOTHER RESIDENCE ZONE IS SET APART.

OPPOSITION OF LEGISLATION EVICTING BUSINESS PLAN FIGHT TO A FINISH.

The City Council yesterday created residential zone No. 8, bounded by La Brea, Hollywood, and Vista streets, Hollywood, and by the northern city boundary.

Insistence of this zone no business establishments may operate, including stores and public garages. The action was taken after both proponents and opponents of the ordinance, had their say.

Mr. Davis thereupon told of a night's adventure that combined a touch of romance, some "gasoline," and a witness, who was a witness, but they failed to appear. In the afternoon the two were brought into court and charged with contempt.

Mr. Davis thereupon told of a night's adventure that combined a touch of romance, some "gasoline," and a witness, who was a witness, but they failed to appear. In the afternoon the two were brought into court and charged with contempt.

## Helpless Victims of Satanic Midnight Murderers.

Mr. and Mrs. Roy Trapp.

## TO RELIEVE "GAS" PINCH.

### Plans to Lift Quality Restrictions and for Card-Rationing Will be Revived.

To revive the movements to temporarily abolish the restrictions on the quality of gasoline and to establish a card-rationing system of distributing gasoline, the permanent committee on gasoline shortage, appointed by the Board of Public Utilities, will meet at 2 p.m. today at the Chamber of Commerce.

Both these subjects were considered last Tuesday at a meeting of the committee at the City Hall. Practically all of the members present then advocated the reviving of the restrictions as to quality and, with the exception of the Standard Oil Company's representative, the oil men favored the card-rationing system. The committee on gasoline shortage, appointed by the Board of Public Utilities, will meet at 2 p.m. today at the Chamber of Commerce.

## HAROLD WRIGHT GIVEN DIVORCE.

Novelist Once Brought Suit Here, Charging Cruelty; Freed in Arizona.

Harold Bell Wright, writer, was granted a divorce here today from Mrs. Frances L. Wright, on the ground of desertion.

Mr. Wright filed a suit for divorce here in December, 1917. He charged mental cruelty. His wife, he said, lacked appreciation of his literary work, was not in touch with him when he was working on a novel and neglected him when he needed sympathy. The case was continued from time to time and later Mr. Wright established a residence in Arizona.

The family came here from Kansas. For a time Mr. Wright was pastor of the First Christian Church of Redlands. Ten years ago he removed to the Imperial Valley and developed large land holdings there. He and Mrs. Wright have three sons.

## NEGRO HUNTED AS THE FIEND OF FULLERTON.

### Robbery Believed Motive for Ghastly Night Attack on Rich Rancher, Slain, and Wife, Near Death.

Sheriff Jackson of Orange county and a posse left Santa Ana last night for San Diego to cut off from the Mexican border a negro believed to have been one of the men who yesterday morning slew Roy Trapp, wealthy Fullerton rancher, in his bed and beat Mrs. Trapp so badly that she is in a desperate condition.

The suspect, of whom a full description has been sent broadcast, was seen to board a train at El Toro yesterday morning and arrived in San Diego two hours later. In both places blood was seen on his clothing. The San Diego police and sheriff have thrown out a wide dragnet.

The change of direction in their investigation does not mean that the search for the two Mexicans first reported as the suspects in the case has been abandoned. Dist. Atty. West of Orange county said last night. The San Diego trip was made as the result of the information that a flashlight found near the scene of the murder was identified by a Fullerton merchant as the one he sold the day before to a negro who had been seen around the town. This man, described as representing a Mexican, answers the description of the man seen leaving the train at San Diego.

Although Mrs. Trapp, who was the San Diego officers in the attack by the murderer of her husband as she tried to go to his assistance, recovered consciousness yesterday afternoon, she was unable to add much to the description of the slayer. She is at the Fullerton General Hospital, where Dr. D. C. Coleman said she is suffering from a fracture of the skull and other injuries, but expressed the hope that she would recover. Late last night her condition was reported as slightly improved.

It was at first thought that the night attack upon Trapp and his wife was made by two Mexicans seeking revenge because of a quarrel over employment. Shortly after the murder was discovered, two Mexicans said to have been employed by Trapp of the past, were arrested by Constable Freeman at Norwalk and held for investigation. They are said to answer the general way to the description of the suspects sought. The prisoners gave the names of Aguilar and Otero.

## CAR HITS AUTO; TWO ARE DEAD.

### Daughter of One of Victims of Beach Accident Injured, Perhaps Fatally.

Mrs. Emma Colgan and her sister, Mrs. Florence Boerner, both of East First street, Santa Ana, were instantly killed yesterday afternoon when they drove their automobile upon the tracks of the Pacific Electric Railroad at Newport Beach, directly in front of an inbound passenger train.

Adeline, young daughter of Mrs. Boerner, was perhaps fatally injured. She was taken to the Santa Ana Hospital.

The accident occurred at what is known as the Twenty-fifth street crossing at the beach and its exact cause has not been determined. It is the supposition that the women drove the automobile upon the tracks and seeing the approaching car became frightened and killed their engine in an effort to increase their speed in order to avoid a collision.

Mrs. Boerner is the wife of the manager of the Santa Ana Preserving Company.

## ARREST DEATH CAR OPERATOR?

### Charge Negro with Slaying Immigration Agent.

Told to Stop, Drove on, and Decapitated Officer.

Smuggler Hunt, with a Gory Sequel, has Quick End.

Charged with being the driver of the death car that man down and decapitated Immigration Inspector A. G. Bernard at Warren's ranch, near Campo, Sunday night, when he and a party of two, were stopped by Federal officers, George E. Brown (colored), who is known along the border as "Boss Brown," was arrested yesterday by Immigration Officers D. W. Brewster and Fred B. Jacks, assisted by Detectives Glenn and Shephard, at 2121 East Twenty-first street, and lodged in the County Jail. A formal charge of murder will be made against him this morning.

With Brown at the time, according to the immigration officers, were Lennie Pearson and Joe Miller, also colored, but it is asserted on their behalf that they were merely passengers picked up at Calexico and had no knowledge of the fact that the car was loaded, as the immigration officers declared, with contraband whiskey.

## Small Boy Hit and Instantly Slain by Auto.

### Milo Sanders, 5 Years of Age, 1673 Hollywood Boulevard, was Almost Instantly Killed Yesterday When He was Struck by an Automobile Driven by D. E. Toberman of 1741 North Harvard Boulevard, at Hollywood Boulevard and Normandie Avenue.

Mr. Toberman took the lad's body to the Receiving Hospital. The doctors found the child's skull had been crushed.

Witnesses said Milo ran from behind a wagon and directly into the path of the automobile. Mr. Toberman, they stated, was not able to stop his car in time to avoid the fatality.

The body was removed, on order of Acting Coroner Williams, to the Jesse Smith undertaking rooms at 1448 Hollywood Boulevard. An inquest will be held.

## CAUGHT IN ELEVATOR: KILLED BY INJURIES.

### Insurance Man Dies After Being Crushed Between Wall and Lift.

C. W. Rohrer, an insurance man, 45 years of age, who resided at 1538 Diamond street, South Pasadena, died in the California Hospital yesterday evening from injuries received in an elevator accident in the Union Oil Building, yesterday afternoon. His body was taken to the parlors of Turner, Stevens & Berry in South Pasadena at the order of Acting Coroner Williams. An inquest will be held later, the Coroner announced.

Mr. Rohrer, whose office was in room 424 of the Union Oil Building, was caught between the elevator cage and the wall of the shaft when he sought to enter the car from the fourth floor. He was taken to the Receiving Hospital. The attending surgeons announced that he had internal injuries, his chest was crushed, both legs were broken and his head was injured. After receiving emergency treatment there, he was removed to the California Hospital.

## WOMAN GRAVELY HURT WHEN TEAM OF HORSES BOLTS.

### Five Air Liners Coming.

San Diego-o-San Francisco Commercial Aviation Service to Center Here.

With the arrival here late this month of five all-metal airplanes for carrying passengers and mail, Los Angeles will take the lead in commercial aircraft development in America. These planes have been purchased by Cecil B. De Mille and the Mercury Aviation Company for the establishing of an air service between this city and San Diego, Bakersfield and San Francisco. They are of a type never before used by a private corporation.

Mr. De Mille stated last night that the new planes will revolutionize flying. While they are of but 185 horsepower, they have greater speed than any of the old models, he declared.

### San Diego-o-San Francisco Commercial Aviation Service to Center Here.

With the arrival here late this month of five all-metal airplanes for carrying passengers and mail, Los Angeles will take the lead in commercial aircraft development in America. These planes have been purchased by Cecil B. De Mille and the Mercury Aviation Company for the establishing of an air service between this city and San Diego, Bakersfield and San Francisco. They are of a type never before used by a private corporation.

Mr. De Mille stated last night that the new planes will revolutionize flying. While they are of but 185 horsepower, they have greater speed than any of the old models, he declared.

## SOCIETY.

BY VIRGINIA WOODS.

Retirement Pay Bill to be in Effect Soon; But Few Men Here Eligible.

Provisions of the Classified Service Retirement Bill, affecting employees of the railway mail service who are 65 years old and those who have been in the service for thirty years, will become effective August 21. It was announced yesterday by Chief Clerk Ranger and Moore. On retirement, the pay is graded according to length of service. Those who have been employed for thirty years will receive the highest amount, \$720 a year.

The chief clerk said five or six men in the service here will benefit by the law.

\*\*\*\*\*

For Mrs. Winter.

Mrs. Ardina T. Winter (Dextra Baldwin), whose marriage was a recent unexpected event, is honor guest at a tea that Mrs. Mary Scott of Pasadena is giving for a company of twenty-five today.

\*\*\*\*\*

For Miss Edman.

Miss Caroline Edman, just home from school in New York, is to be honor guest at a luncheon that Mrs. George P. Griffith of Orchard Avenue is to give on Monday at the Los Angeles Country Club.

\*\*\*\*\*

Mr. and Mrs. Samuel Returning.

Mr. and Mrs. Samuel Returning, who have been motoring through the Adirondack Mountains of New York, through Maine and through Eastern Canada the past three months, are expected home tomorrow morning.

\*\*\*\*\*

Persons.

Mr. and Mrs. Kirk Johnson motored down to Coronado yesterday.

Mr. and Mrs. Roy E. Nafziger have taken a cottage at Huntington Beach for the summer.

Mrs. Cosmo Morgan is in San Francisco for a few weeks and tomorrow Mr. Cosmo Morgan and Mrs. Morgan Sr., are to return to the Bay City.

Mr. and Mrs. Harry Robinson are in Coronado for a few weeks.

Mrs. Charles Silent and daughter, Miss Florence Silent, and Mr. and Mrs. Hugh McFarland, and their two children are at Carmel Highlands for the summer.

SAYS WEALTHY SCHOOL  
TEACHER DESERTED HER

Burton Eugene Cannon, a county school-teacher who owns 488 acres of orange and farm land near San Bernardino and Hemet, is charged in a separate maintenance suit filed yesterday by Blanche Warren Cannon with deserting her June 23, last, after winning a divorce from her. The couple were married in Redlands June 21, 1911.

In 1912, Mrs. Cannon says, she inherited \$4250 from the estate of her father and applied this money on the purchase price of the real property they own. In 1917, it is stated, the property was deeded by Mr. and Mrs. Cannon to Hallie W. Cannon, the latter's sister, who, the same day conveyed it to Mr. Cannon. This property is held to be trust for husband and wife. The deed was never recorded, it is asserted, but was deposited in a safe deposit box of the defendant's. Mr. Cannon threatens to dispose of the property, according to the wife, and the court is asked to issue an order restraining him from doing so.

Last April, the complaint states, he sold the furniture of the house, and went to the Sibella Apartments, Montebello. Mrs. Cannon asks maintenance of \$150 a month. She is represented by Attorneys Ford and Bodkin and Zankwich.

—which will be held EVERY SATURDAY DURING JULY AND AUGUST—presenting to the thousands of women of Los Angeles and vicinity, week-end shopping opportunities of very unusual importance.

—Merchandise of exceptional merit is provided in adequate volume—varieties are sufficiently wide—the service is of the highest order.

—So this Saturday Sale announcement comes to you in the nature of an invitation

## To Combine a Week-End Holiday with a Profitable Shopping Tour—

In Long Beach—Queen of the Beaches.

All roads lead Long Beachward.—Electric Interurban, Stage lines, and an incomparable Boulevard system for the motorist. The most beautiful beach in California is here, and the cool ocean breezes are invigorating and altogether delightful.

The Mercantile Co. offers every facility of a modern Department Store—wide spacious aisles,—plenty of fresh air and daylight,—a thoroughly trained sales force—and three floors of strictly up-to-the-minute merchandise.

The Times limits us to this small announcement on account of the paper shortage, but the scope of the sale and its importance should not be judged from the size, but rather from the significance of this advertisement's appearance. We would not buy expensive advertising space in a Metropolitan Daily unless we had opportunities to present that were of great importance. We expect tremendous response; so please shop in the morning if feasible.

**\$1.50 Fownes, Short  
Silk Gloves,  
at \$1.15 pair**

3 PAIRS FOR \$3.00

These are in two-button length. They have double tips and are shown in black or white and include a few pongee color.

or 3 prs., \$6.50**

—A pure silk Gordon hose with 8-inch high top, reinforced heel and toe. In cordovan, black and white.

**\$2.35 Silk Hose at \$1.95  
or 3 prs., \$5.50**

There is something highly significant about this continued rage for war books in Germany. It would seem that the new Germany has not turned completely to the problems of trade and peace—and certainly not to contrition and a nonmilitaristic future. What a man studies he expects to make use of, to translate into experience and account. If Germany is still ardently seeking to understand it is only because she has not had enough of it, but merely intends to profit by experience. The people of the allied countries may be fed up on war books, but it is to be hoped that their war departments are not suffering the same symptoms of depletion—and banking too much on the League of Nations and eternal peace.

The peace treaty is not dead. The League of Nations, although impaired by lack of cooperation of the United States, is now operating. Candidates have been nominated and the campaign has begun. If the Republicans elect the President and Congress the way will be prepared for the early ratification of the peace treaty with whatever reservations are necessary to secure the approval of the two thirds of the Senate. If C. should be elected President the old rift between the executive and legislative departments of the government would be renewed with increased bitterness. We should again have a nation divided against itself. We should be left in a position of isolation at a time when the co-operation of

journey abroad. Of course, the passport conditions maintain a vast army of government clerks in profitable, gentlemanly jobs with good pay and short hours; and, while subsidizing a superfluous department is good business, it is poor politics.

Actually, there should be very few circumstances in which an official passport is necessary, especially between allied countries. Travel is quite complicated enough without this superfluous aggravation. Most emphatically the general passport requirements should be abolished as soon as possible and travel between friendly countries made as easy as it was before the war. But perhaps we shall have to wait until a new administration is in power.

• • •  
**Something Rotten Somewhere.**  
 Five thousand acres of cabbage were plowed under recently, according to news reports. The same week there was another advance of one cent added to the retail price of the six-cent brand of five-cent cabbages. This constant destruction of the raw material and increase of price of finished product must be stopped.  
 • • •  
 here, little girl, don't cry.

formerly he was spending his evenings with the cinematograph in the little front parlor.

Saturday afternoon 'Lile went out to the house to get a clean shirt. The door was open and his wife was sitting just inside with a very sad expression on her face.

"Why, dearie," said 'Lile, "what did you get back?"

"I changed my mind at the last minute," she said, "and didn't go. He handed him the telegram which had been forwarded by her mother."

"And now we will come to an understanding," said Mrs. 'Lile Wainburn. **THREE FALLS.**

**Broke His Habit.**

"George," murmured the sweet girl, as she nestled up to him, "girls are nothing but a habit."

"Yes, and you've succeeded in breaking one of my habits," George said, sadly, as he took the rest of the banana from her wasted pocket. —(North China Standard.

**An Authority.**

"This picture is by far the best of the exhibit."

"What do you say?"

"The gentleman ponder. He pondered it." —(Louisville Courier-Journal.

I like to have my friends come in, when evening's growing gray, and when the birds are all away, and when the hens and hays. Their coming does not make me sore; 'tis they that makes me grieve: when they were gone, my soul would be in tears, so long I'd leave! They quit the dazling sitting-room at half past ten o'clock; then in the hall's religious group they talk and talk, and talk, and then they turn around the wall, but on the porch they pause, and for another hour or more they ply their useful jaws. The night is waning, and the stars are shining, and they go, and then they loiter at the gate to talk an hour or so. How grand is that infrequent guest who comes at nine or ten, and takes a space, you want to rest, so I will take a walk." He takes his walking stick and hat, and when he comes some more, he finds a welcome in the man that lies before the door. My friends are welcomed to my gate, and harmless suds shall flow; but when it's time to pull their freight, I wish they'd up and go.

WALT MASON.

Be thankful for one  
To make your old heart glad  
And, when I think of K. Hanson  
That any man has had!  
—[Charles Hanson Towne  
Judge.

# PEN POINTS

**What shall we do with our candidates for the Presidential nomination?**

Of course, Shantung is one thing and Siberia is something else again, says the honorable Jap.

Work equal to the pay received would be a good slogan—but no many folks would be throwing rocks at it.

Three Greeks have been arrested in Tennessee for overcharging on sandwiches. Murrah for Atty. Gen. Palmer!

A lot of talk about adulterants in ice cream, but they have been there all along. Only we used to pay no attention to them.

A dealer reports that he is selling ten out of boards to one warboard. And that is one of the many things that ails us.

Mr. Edward Carson has called for volunteers to assist in squelching the home-ruled in Ireland. Wonder if De Valera will enlist?

In spite of the high cost of clothing, we see no tramps anywhere. Where are the travelers? Possibly some that to join the third party.

The fact that an astronomer has predicted the election of Harding by what he sees in the stars shows that the Ohio man ought to get the aviation vote.

At Yale College ride shooting is recognized as among the "minor sports." Those who served in the war had an idea that it was a major sport.

Why worry about the number of thieves who are engaged in stealing automobiles? They might be busy stealing foodstuffs that are a real necessity.

America needs something of a humorist for a President. We have pulled a plattitudinous face too long. Senator Harding is a dandy kelly-pool player.

George Carpenter has called back to dear old France, taking his fifteen trunks containing a variety of clothes. But we miss the socks and the N.V.D.'s.

London reports that wives cost more in Central Africa. And, at that, they don't have it any over the wives who live here. They are higher than ever.

A colored citizen in Memphis is reported to be able to burn a hole in a handkerchief by breathing on it. What a fellow he would be to open the Cox campaign!

Let the sugar bowl and the flour bin be the high spots in the campaign and there will be no trouble getting the women to march to the polls in November.

We once knew a man who could take a drink and then let it alone, take another and then let it alone, and take a third and let it alone. We always admired his backbone.

The Plumb plan to throw a money wrench into the railroad system of the country does not seem to be getting anywhere. Wonder who is paying the expenses of the movement?

We quite agree with Senator Thomas, he at the "Four Horsemen of the Apocalypse," in relation to his "cave-man" stuff. We know a lot of men who are looking for caves when the misss gets on her high horse.

Looks like old times to see the Big River, Breast-Litovsk, Vilna and Plink in the daily dispatches from Europe. The situation in Poland looks as if the war, supposed to be over, had begun where it left off when the armistice was signed.

There used to be profiteers in the old day, when the grocer watched the sugar-cured hams when he got them from the packing-house and tagged the price thereon, leaving the ultimate consumer to lose or to shrinkage that was sure to follow.

We know a family who have planted their second crop of potatoes. They raised enough for themselves and sold many dollars' worth to their neighbors and they only had a small back yard to operate in. Some folks know how to help themselves.

The famous Harvard and Yale are back again from their war service and will soon enter the Los Angeles San Francisco trade. When they are returned, redecorated and repaired the Hutton River line of eating palaces must take a back seat. No finer boats will cleave the waters anywhere than these splendid flyers.

**THE FRIENDLY FEW.**

I rather have the friendly few Around me any day Than crowds that shut true comrades out. And put the soul at bay. Here's nothing like the friendly few To help us on our way.

Like the few who really last, Far more, as I grow older, Here's nothing in this "Hello John!"

With loud slaps on the shoulder, I turn and glare at such-jins bold If only I were bolder.

The friendly few make life worth while. As twilight comes apace, We can't expect a big return From every fellow's big return. And when the evening settles down, How few are in the race!

The friendly few! Keep them with you As years rush on, my lad! Be thankful for one faithful chum To make your old heart glad. And when I think of it, that's all That any man has had! —Charles Hanson Towne in dca.

# JUDGE FINES RAILROAD OUTLAWS.

**Striking Switchmen Must Pay Thousand Each as Lever Law Violators.**

Fines were written in the story of the outlaw switchmen's strike, affecting the movement of freight on the Southern Pacific, Salt Lake and Santa Fe in this city and other points last April. In the United States District Court yesterday, when Roy W. Canaga, A. N. Miller, Oscar T. Leffevre, William G. Fannon and Clyde H. Larig, were each fined \$1000 by Judge Bledsoe for violating the Lever law.

The sentence was imposed after the denial by the court of a motion for a new trial and arrest of judgment.

The defendants were given ninety days' suspension of judgment, as expressed by their attorney, Jud Rush, and the court, their fellow-members of the Switchmen's Union might have an opportunity to raise and to satisfy the fines. Judge Bledsoe had no hesitancy in saying that the other defendants charged with violation of the Lever law in hindering the delivery and shipment of the necessities of life were just as guilty as the quintet who were convicted, and he thought it due to the men found guilty that they should be helped in the financial burden.

Thirty days were given for the filing of a bill of exceptions. Mr. Rush stating that the case might and might not be appealed.

No action was taken regarding the disposition of the charge against the defendants about whom the jury disagreed.

# FIGHT RAILROAD RATE INCREASE.

**Two Cities Oppose Pacific Electric at Hearing.**

**Fail to Have Rise Confined to Unprofitable Lines.**

Plans of the Pacific Electric Railway to raise its rates were opposed here yesterday, at a hearing before the State Railroad Commission, by representatives of the municipalities of Pasadena and Santa Monica. The heavy traffic on red car lines serving those two cities was cited as a reason why a general rise in rates should not be granted by the commission. It was argued that if some of the company's lines are unprofitable they should be made to take care of themselves; that if the Van Nuys and San Bernardino lines are not making money any increase in rates granted should apply only to those lines and not to arteries which have been paying a profit on the investment.

This idea was promulgated by City Attorney Melones of Santa Monica and City Attorney Howard of Pasadena fall in with the spirit of it, but President Edgerton of the Railroad Commission said that body will not look with favor upon any plan other than that of considering the railway system as a whole and distributing the tariff evenly over it. He insisted that the welfare of the company cannot be judged by a few well-fed arteries and that lines on which there is light traffic should not be made to stand an excessive rate merely because they afforded less patronage than other lines.

The company called as its first witness F. E. Loucks, special accountant, and introduced a number of exhibits to show the financial condition of the company. Mr. Loucks testified, as shown by the exhibits, that the company has been operating at a heavy loss, the total loss up to last May 31 having been \$12,189,789.53. He testified that the loss during 1919 was \$2,747,726.31, that in 1918 it was \$1,778,191.62 and that the loss in the years 1914, 1915, 1916 and 1917 ran from \$467,229.28 to \$888,115.15 annually. He further testified that wages in 1919 were \$6,232,106.92 for 214 men less than were employed in the year 1915 and that wages in 1915 amounted to \$3,619,942.35, showing an increase for the year 1919, with an average of 274 less men on the pay roll, of \$2,612,164.57.

It was also brought out that it is estimated the loss this year, without increase in rates, will be \$2,344,454.57, which does not include expense for paving which the company expects to have to meet this year and which will add at least \$100,000 more to expenditures.

The hearing, which probably will not be finished this week, was continued until 10 a.m. today, when the Pacific Electric will introduce other witnesses.

# STATE COMMISSION TOLD HOW COMPANY LOSES MONEY.

Walter Bennett Adams, accused of extorting fines from automobile drivers, for petty traffic violations in the county, by impersonating an officer, was held to answer yesterday, by Justice Bowser. He was committed to the County Jail in lieu of bail.

# LIVING COST DATA UP.

**Grand Jury will Weigh all Evidence at Afternoon Session.**

The Federal grand jury, in charge of U. S. Atty. O'Connor, this afternoon will consider the evidence that has from time to time been brought before it relating to the high cost of living in this city and elsewhere in Southern California. There will be no indictments reported on that subject.

A mass of evidence has been submitted having to do with the matter in hand, and the work of arranging the evidence and a discussion of its value will be the task of the inquiring body.

# POLICE QUIZ TODAY.

**County Grand Jury will Begin with Witnesses on "Graft."**

The investigation of supposed graft in the police department will be started today by the county grand jury. Dist. Atty. Woolwine will be present during the inquiry, which was instituted by the grand jury upon request of Mayor Snyder.

It was stated that Mayor Snyder will be one of the witnesses to be called, as will ex-Police Commissioner Burge, the Chief of Police and the present Police Commissioners. In addition investigators, detectives and police officers in general will be subpoenaed and asked regarding police affairs.

# HELD TO ANSWER.

Walter Bennett Adams, accused of extorting fines from automobile drivers, for petty traffic violations in the county, by impersonating an officer, was held to answer yesterday, by Justice Bowser. He was committed to the County Jail in lieu of bail.

### Unrivalled Alice Wunder Lavender Cream

"What a cool, delightful sensation!" everyone exclaims when Lavender Cream is applied. Noted actors and actresses, professional men and society women in Europe and America have used this delicate, fragrant, smooth pink cream during the past 27 years. They recommend it to their friends, who are charmed with the gratifying results obtained from its use.

With massage, this cream strengthens the sagging muscles of the face. It magnetically excites the tiny capillaries, thus stimulating the circulation of the blood, which nourishes the underlying muscular tissues. The daily use of this cream prevents wrinkles, softens and smooths out age lines and imparts a fresh, youthful firmness to the skin.

As a skin food, tonic and tissue-builder, Alice Wunder Lavender Cream is without a rival. It is composed of the very finest ingredients. It can be used freely on the most delicate skin. It never causes hair to grow.

Large jar, 2.00.

GASOLINE SHORTAGE  
HALTS BOARD'S PLAN

Because of the shortage of gasoline the board of education was not able to attend the Los Angeles Chamber of Commerce meeting.

The chamber had invited the board to be their guests at the meeting, and several of the members were considering making the trip.

The board had been planning to go to the chamber meeting, but the shortage of gasoline would probably not be available for the trip.

The board had been planning to go to the chamber meeting, but the shortage of gasoline would probably not be available for the trip.

'Tis Possible Now Over New  
Wireless Telephone.

First Sound Wave Message is  
Received by "Times."

Wrigley, Called in Chicago,  
Felicitates Operator.

Heralding a new epoch in the communication of messages by sound waves and without the agency of wires, the first wireless telephone message ever received in a newspaper office in the world was transmitted to The Times editorial rooms yesterday from Avalon, Catalina Island, announcing the formal installation of wireless telephone service by the Pacific Telephone and Telegraph Company.

This message, spoken by a representative of the telephone company, was flashed from Pebble Beach, where the telephone station has been established, to the company's wireless station at Long Beach and thence into The Times office over the regular wire system. The person at the Catalina Island end merely spoke in an ordinary tone into the wireless transmitter, his words being received into a similar instrument at the Long Beach end connected with the wire system. The message was remarkably distinct, in fact, was much more clearly heard than the ordinary telephone conversation by wire.

"Times, you are the first newspaper in the world to receive a wireless telephone message," said the operator. "I am speaking from Catalina Island directly into your office. Later today we will make connection with Mr. William Wrigley, Jr., at Chicago, and thus show that messages may be sent from the mainland to this island by wireless from any distance."

The operator added that wireless telephone service was now being installed in several residences at Catalina and that the service was open to public use. The first steps to perfect the service were taken on May 16, last, and on June 28, the telephone company communicated its first message to its Long Beach office. The wireless device used in one perfected by the Western Electric Company and installed under the personal direction of Commercial Superintendent N. R. Powley of the Southern California Telephone Company.

Mr. Wrigley, when called about 2:30 p.m., was able to converse as readily as people in Los Angeles. Over the phone he was given a detailed report of the day's events at Catalina. Mr. Wrigley congratulated the operator on the achievement and added, "Now I hope you will invent some kind of wireless wave that will enable me to make week-end trips from Chicago to Catalina."

Mr. Wrigley talked to J. K. Patrick, B. M. Renton and John N. Stewart, his representatives here. Twenty-seven hundred miles of land lines from Chicago to Long Beach and thirty miles of wireless were used.

Mr. Walton was arrested at his home on telegraphic advice from Fresno involving a bad-check charge. The arrest was made by Detectives Proffitt and Hill. Mr. Walton voluntarily accompanied the officers to Fresno, where it was discovered he was the wrong man.

Chief Butler declared he was not in the office when the Fresno telegram was received and knew nothing about the arrest. Chief Goehring showed that the telegram gave a description of the man wanted which did not correspond with the man arrested.

Proffitt and Hill were subsequently convicted under the Narcotic Act. They are now serving time at McNeil Island.

PHIL NEER TAKES  
BETTENS'S MEASURE.

PACIFIC NORTHWEST CHAMP  
PLAYS FINE TENNIS, WILL  
MEET WOLFARD.

PORTLAND (Or.) July 15.—Phil Neer, Pacific Northwest champion and Stanford captain, eliminated Phil Bettens, junior champion of California, in the third round of the men's singles of the Oregon State tennis championships today, which was played before a large gathering, and ended in a score of 6-1, 6-2.

Catlin Wolfard, state champion, will meet Neer in the lower bracket of the semifinals as a result of his victory today over Walter Goss, the veteran, by a score of 6-5, 6-3.

Ray Casey of San Francisco, won his match with James Shives by a score of 6-1, 6-2. Casey will meet his team-mate, Carl Gardner of San Francisco in the upper bracket of the semifinals.

Gardner defeated A. D. Wakeman in straight sets by a score of 6-2, 6-1. The tall Californian placed the ball in any part of the court at will.

Phil Bettens and Carl Gardner won two matches in the men's doubles today defeating A. D. Wakeman and A. S. Frohman, 6-4, 6-2, and Harry Gray and Max Wood, 6-1, 6-2.

Bettens and Gardner made a doubles team, although this was the first time they had played in a tournament together.

Mrs. J. C. Cushing of Berkeley, went down to defeat before Miss Stella Fording of Portland, 5-7, 8-6.

Miss Fording, in turn, was defeated by Miss Gertrude Shreiner of Seattle, who will meet Mrs. W. I. Northup in the finals.

TWELVE-ROUND DRAW.  
(BY A. P. NIGHT WIRE.)  
DENVER (Colo.) July 15.—Harry Schuman of Denver and Mel Coogan of Brooklyn, lightweights, fought twelve rounds to a draw tonight.

## REJECT NEW GARBAGE DEAL

Councilmen Decide to Refuse Offered  
Five-year Contract; Huge Profit.

That the application of the Pacific Reduction Company that its contract with the city for disposing of municipal garbage be renewed now for five years at its expiration in 1922 be denied was the recommendation made yesterday afternoon by the City Council, sitting as a committee of the whole. This recommendation will probably be formally approved by the Council this morning. The company under the contract pays the city \$1 cents a ton for all garbage delivered to the plant, and in addition the company receives free of all cost the water used in handling the garbage, amounting to about \$20,000 worth of water annually.

The Councilmen believed that the city should receive more than 51 cents a ton, if the contract were to be renewed, and the Public Service Commissioners asked that any renewal of the contract compel the company to pay for its water. The officials of the company stated that at the present rate of profits received from the sale of fertilizer made from garbage the company could not pay for its water and remain in business. The Council asked for a financial statement from the company and yesterday the report of City Auditor Myers' analysis of the figures was read to the Council by Chief Accountant Francis Marshall.

The company in its report stated that its profits in 1918 were \$17,481.36, but the City Auditor, asserting that depreciation charges were inflated, stated to the Council that the profits for the year were in fact \$36,047.77; that the profits for 1917 were in fact \$17,770.05, instead of \$17,337.72, as declared by the company; and in 1918 the profits were \$117,785.48, instead of \$28,622.23, as stated by the company's report, or total profits for the past five years of \$248,022.95.

Councilman Mallard's ire was aroused by the company's capitalizing its garbage contract with the city at \$499,380, while Councilman Criswell said: "We should tell the company to come around in a couple of years and we can again consider this question of renewing the contract."

The vote to deny the company's application was unanimous.

## COSO HOT SPRINGS SOLD.

The Coso Hot Springs, which, for hundreds of years have been the destination of ailing Indians, are at last to be turned to the use of Americans with the purchase Wednesday and the subsequent announcement yesterday of the plans of F. J. Sanders, the new owner, whereby he will build a sanatorium on the properties and develop the radio-active waters and muds.

Mr. Sanders stated yesterday that he will build a \$250,000 establishment on the springs property which is in the southern end of Inyo county, eight miles from the Lincoln Highway, and nine miles from the railroad station at Little Lake. He plans to make Coso a great health resort and he said that during his last trip to the springs he found 150 camping parties on the grounds taking the steam cave baths and the mud treatment.

It is known that for centuries the

Indians have gone to the springs each year to take the cures offered. In Box Canyon where the red walls rise perpendicularly to a tremendous height are found Indian hieroglyphs telling of the curative powers of the waters and arrows pointing toward the springs a mile distant. Some of the signs show Indians going toward the baths in an apparently crippled condition and others returning from the springs entirely cured.

Within a very small radius there are 150 springs of all kinds. Some are red, others green, some black, blue, and a few of the springs are crystal white and all of them are boiling. On April 26 the property was sold at auction by the court and was bought by Charles Dawitt, Mr. Sanders and C. Roeder. Wednesday Mr. Sanders bought out his partners and will go on with the project alone.

ARROW  
TROLLEY TAILORED  
Soft COLLARS  
Fit well—wash easily  
Chas. Peabody & Co. Inc. Troy, N.Y.

The tire on the left-hand car in the picture illustrates the cause of about 75 per cent of all tire trouble—insufficient inflation. The pressure recommended by the manufacturer of your tire is the best to follow—and it cannot be estimated by kicking the tire or punching it. The regular use of a reliable air-gauge is the best safeguard against rim cutting and fabric breakdown.

Opinions about  
Tires should be Weighed  
as well as Counted

THERE is hardly a motorist who hasn't at some time or other in his experience had a tire dealer attempt to sell him a tire by representing it as the fastest seller in town.

More attempts are probably made to sell tires by playing to the motorist's alleged weakness for "crowd of buyers" than by any other known method of selling.

The experienced motorist, of course, refuses to surrender his individual judgment to any crowd or mass of whatever size.

Too often he has seen the results of accepting opinions at their face value, without first finding out what they are based on.

And you will find him going more and more to the dealer who has something to offer in support of his tires, other than "crowds of buyers" and "numbers of sales."

The opinion in favor of U. S. Tires is not based solely on the number of them in use.

Great as that number is, it is due to something besides clever arguments.

Thousands of motorists today are putting up with second choice tires because forced production is inconsistent with U. S. standard of quality.

The United States Rubber Company's enormous investment—greater than that of any concern in the industry—has always been aimed solely at quality.

Building a tire first and a market afterwards. Thinking of the individual user instead of the number of sales.

One of the reasons, perhaps, why there is now a scarcity of U. S. Tires.

If the time ever comes when U. S. Tires can be supplied to all, or nearly all, of the people who want them, they will still have more to recommend them than merely the largest following.

The car owner who seeks United States standards in tubes is well paid in more mileage for his tires. U. S. Red Tubes. U. S. Grey Tubes.

## False Claims.

There is no Mother who thinks she can treat her sick baby without consulting a Physician, or with remedies that she uses for herself.

Mothers know that Baby requires remedies especially prepared for them, and there are some who think that what is good enough for them is good for Baby, and it is to these Mothers we appeal to give nothing to their child but specially prepared for babies or recommended by their Physician.

False claims may kill, but false claims can never restore your child. For over thirty years Fletcher's Castoria has been aiding in the reduction of ailments among infants as Mothers have become more and more acquainted with it. Always keep it in the house.

## Children Cry For

*Fletcher's*  
**CASTORIA**

## Mothers Must Use Care.

Why do we so often call your attention to imitations of Fletcher's Castoria? Because it is a baby's medicine and imitations are always dangerous, particularly imitations of a remedy for infants.

Your druggist may not keep an imitation but they are to be found on drug-store shelves. Reliable druggists think only of the welfare of their customers. The other kind only of the greater profit to be made on imitations.

Your own judgment tells you that Fletcher's Castoria having for over thirty years at great expense held up its reputation, must jealously guard it. Then, it follows that this company must use the very best of material. Must employ experts in the selection of the herbs. Must retain skilled chemists in its manufacture.

Your same good judgment must tell you that these irresponsible imitations are trading on your credulity and the reputation built up by Mr. Fletcher, during all these years, for his Castoria.

MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA

**GENUINE CASTORIA ALWAYS**

Bears the Signature of

*Chas. H. Fletcher*

THE CENTAUR COMPANY, NEW YORK CITY.

URGE VETERANS  
TO BEAT KENT.

Soldiers of Three Wars Hit  
at Candidate's Record.

Quote Official Documents to  
Show He is Unfriendly.

Voted Against Pension Bill;  
Silent on Widows' Aid.

American soldiers and ex-soldiers and the wives, widows, relatives and friends of service men are urged, in a public statement prepared yesterday by veterans of three wars, to vote against former Congressman William Kent of California, who is a candidate for the Republican nomination for United States Senator. The statement is signed by C. H. Haskins, a Past Department Commander of the G. A. R.; Attorney John T. Curtin, Junior Past Department Commander of the United Spanish War Veterans, and Attorney Frank P. Doherty, who is active in the affairs of the American Legion. This document is headed, "The record of William Kent, would-be nominee for United States Senator, as made by himself and as shown in the Congressional Record." It deals with Mr. Kent's speeches and votes on pension and war risk insurance bills. Throughout the date book and page of the Congressional Record are cited to support the statements made.

December 11, 1911, Mr. Kent, then a Congressman from California, made a speech against the Sherwood pension bill, says the statement, "and also against the Republican protective tariff." The Congressional Record, page 199, is cited.

**SOLDIERS AND WOMEN.**  
"In that speech," continues the statement, "Mr. Kent compared soldiers of the Civil War with 'old women.' He said: 'To my mind the old woman who has brought up a family and shod herself in her old age a subject of charity, is no less deserving of our attention than are these veterans. We cannot pension her. I hope sometime we may.'"

It is then related that Mr. Kent voted against the Sherwood bill, December 12, 1911, as shown by the Congressional Record, page 254. The bill, which gave the Civil War veterans their first generous pension increase, was amended in the Senate. The conference committee's report came before the House for action May 10, 1912, says the statement, and again Mr. Kent voted no (Congressional Record, page 6242).

After that, House bill No. 13044, to pension widows and helpless minor children of soldiers of the Spanish War, came up for passage in the House of Representatives May 14, 1914. The statement issued yesterday says that despite his speech on the Sherwood bill, "wherein he favored pensions to any old woman," Mr. Kent did not vote on House bill No. 13044 (Congressional Record, page 6134). "So the bill to pension widows and helpless minor orphan children of soldiers of the Spanish War passed without any help from William Kent. He that is not for me is against me," says the statement.

**IN THE WORLD WAR.**  
Again Mr. Kent did not vote, says the statement, on "the first war risk insurance law enacted, as Senate bill 6357, for the patriotic purpose of protecting United States shipping and commerce from destruction by the German network of mines and submarines and other dangers when exercising our rights to the freedom of the seas. It was the first great bill that established a comprehensive doctrine of war risk insurance." The bill came up for passage in the House August 29, 1914, and the vote is recorded on page 14,449, Congressional Record.

"The foregoing," says the statement, "is but small part of Mr. Kent's record, which he asks us to study. It seems a fair return that all soldiers of all wars, their wives, their widows, their relatives and friends should at the coming primary election, vote against Mr. Kent and in favor of some candidate for the nomination for Senator."

Mr. Curtin and Mr. Doherty stated yesterday that they had their own individual capacities, and not as the official representatives of any organization, in preparing the statement.

WANT CITY  
CENSOR OF  
JAZZ HERE.

Special Committee Decides  
Dance Hall Official Could  
Check Ultra-Moderns.

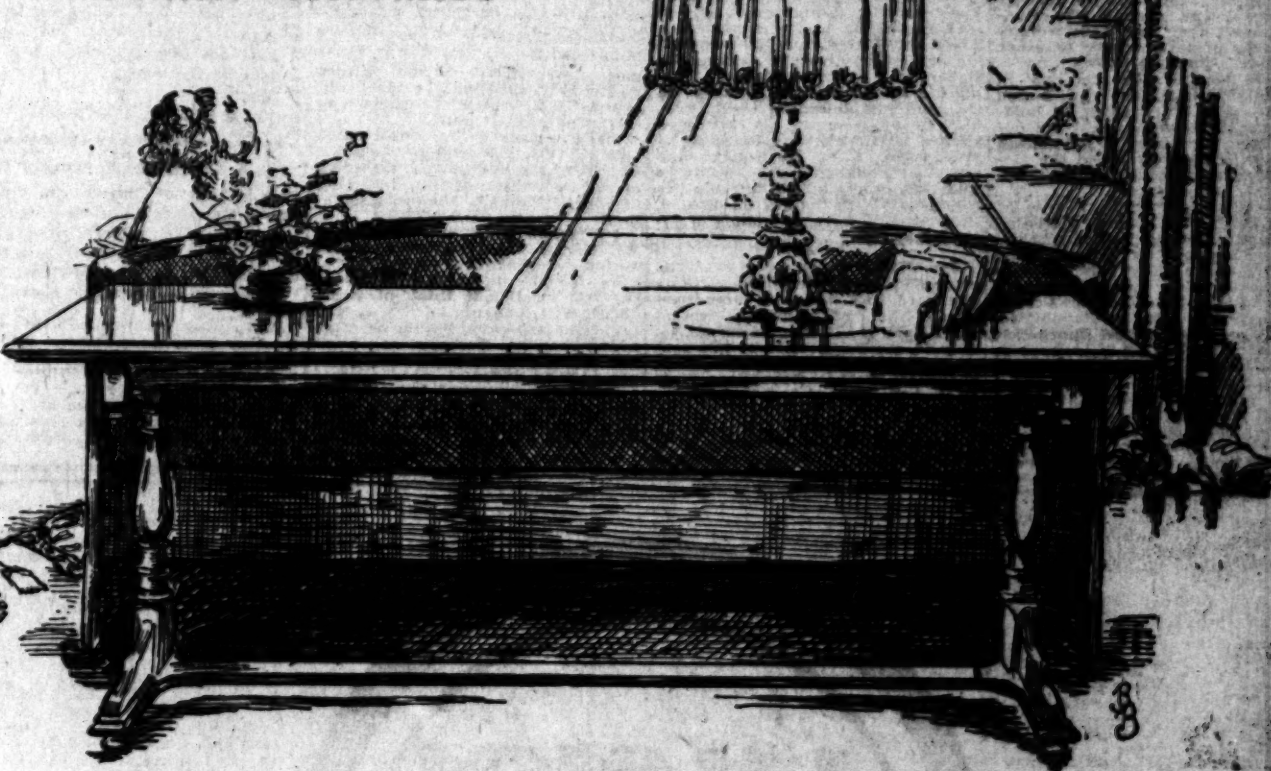

Los Angeles is to have a public dance hall censor, if the recommendation decided upon yesterday by the special committee appointed by the President Workman to consider changes in the dance hall ordinance regulating dance halls is accepted by the City Council. The committee believed that this supervisor or censor should be appointed by and be directly responsible to the Mayor, and that this official should license dance halls, and, with the aid of assistants and the police, enforce the regulations prohibiting check-check, and other ultra-modern dancing. In Columbus, O., Miss Evelyn Scatterday is dance hall censor, and should the plan be adopted here a woman will probably be appointed.

The committee, of which Mrs. Althea Gilbert, city mother, is chairman, also voted yesterday afternoon to require that all men and women instructors in dancing academies be 21 years of age or more. Previously, the committee had decided that 25 years should be the minimum, but the members of the committee decided yesterday that in these days to ask dancing academy owners to secure instructors 25 years or more of age was making the rules too strict.

**NEW MAN ON WORKS BOARD.**  
Hugh J. McGuire was sworn in yesterday by City Clerk Wilde as a member of the Board of Public Works for the unexpired term of Lorin A. Handley, who resigned to become United States prohibition director for California. Mr. McGuire's term of office will expire January 1, next.

Limited Offering Yellow Taxi Cab  
Co. of Los Angeles Stock at \$10

Here's your opportunity to get into a public spirited enterprise—a business that has prospects of big profits—a business that has proven a success wherever it has been installed.

Los Angeles is the only metropolitan city without a standardized taxi cab service. The city needs it—the people will use it. Yellow Taxi Cab Service is cheaper and more convenient than owning your own

A Taxi-Metered Taxi Cab Service Will  
Make Big Money in Los Angeles

New York, Chicago, Boston, Detroit, St. Louis, Kansas City, Omaha, and in all the large cities are operating this same taxi cab service with tremendous success in spite of bad weather and bad roads.

Los Angeles is the ideal taxi cab city—no ice, no snow, no steep hills—with miles of paved boulevards. All this means more income and less upkeep.

## Invest in a Certainty

The stock of the Yellow Taxi Cab Company of Chicago sold on the Exchange for \$300 a share. This proves Yellow Taxi Cab Service is a success. Put your money into a proposition like this and there is every reason why it should not pay you big returns.

Join us in giving Los Angeles that great attribute of every metropolitan city—Yellow Taxi Cab Service at low prices.  
Come in and let us show you actual figures—they are not theoretical—they have been proven in practical use in Eastern cities. Call and see us and talk it over—write, or phone us at "Peeko 2" for our prospectus.

# Criswell and Reagan Both Stay In in Ninth.

## POLITICS.

### THE WATCHMAN.

#### FRIEND OF POLITICAL THOUGHT AND ACTION.

##### By the Story on His Best.

It looks as though the Republicans of the Ninth Congress District have a man's sized job on their hands to elect C. F. Van de Water, of Long Beach, over C. H. Randall, the Demo-Prohib Free-Trade candidate, who is as much a thorn in that district's side as ever and whose permanent retirement from public life is a paramount issue. Mr. Van de Water has the endorsement of the Republican conference, which met at Pasadena on Wednesday and Thursday, and would make a good race. J. W. Reagan, the other Long Beach candidate, who has already filed his nominating petition, says he intends to stick, and Councilman Ralph Criswell declares he will not withdraw, endorsement, or no endorsement. Montville Flowers of Monteville and William E. Knight of Pasadena have sacrificed their personal ambitions and will work for party victory.

The situation as developed, of course, plays directly into Randall's hands, and you may be sure that he is making the best political capital he can of it. I am told that he is advising his supporters to register as Republicans, though like Randall himself they may have worn a miscellany of party brands on other occasions. Randall knows that a Democrat cannot win this year in the Ninth District, and he knows likewise that his chances of holding tight to his uneasy seat are immensely enhanced by a Republican split. It is squarely up to the Republicans to consolidate their interests.

Dist. Atty. Woolwine yesterday filed his nominating petition with the County Registrar of Voters, being the first applicant for that office to show in the field. I hear of no candidate to seek Mr. Woolwine's mantle, either Democrat or Republican, and unless some radical appears at the eleventh hour I am inclined to believe he will make the race alone. He has a good record in office, and it would take a strong man to defeat him. If, indeed, there was a base upon which to base a campaign.

County Registrar of Voters D. B. Lyons yesterday revived the hopes

also got in his nominating petition yesterday. His re-election from the Tenth District appears safe enough. State Senator Harry A. Chamberlin yesterday filed his petition for re-election in the Thirty-first District. While he stands a good chance of going back to the Senate on his record, he will have a stiff fight to beat Assemblyman Henry Carter, who is after Chamberlin's seat. The fight in that district presents a regrettable instance in the campaign where two men are after the same prize. One must lose.

Joe F. Fitzpatrick, a Democrat, yesterday got in the race for the Senate from the Twenty-ninth District with his nominating petition. Frank Mouser, has already filed both Republican and Republican petitions, his play being to straddle the situation and draw as much as possible from the labor-union vote, which his friends are claiming on bloo. Neither Fitzpatrick nor Mouser, however, look good against Dwight H. Davis, Republican incumbent, whose record in the Senate ought to pull him through. At any rate, Hart is sticking to the job and shows no concern.

Dudley Valentine, who has been selected by the labor unions to try for the Senate from the Thirty-fifth District, yesterday filed his nominating petition. E. J. Gates, the incumbent, will be in the race again, and I understand that other candidates are grooming.

Edwin Baker, who has put aside his Senatorial aspirations, and will seek re-election in the Seventy-fifth Assembly District, put his nominating petition on record yesterday. Mr. Baker, who has a reputation of being one of the hardest workers on the Southern delegation, will probably be opposed by at least two women candidates. Mrs. S. E. Richardson and Mrs. Herman Darling are out for Baker's seat, and I am told that others of the fair sex are receptive. With the district divided, Baker should have no trouble in going back.

Joe Crall expects to attend the conference of Republican State chairmen and national committeemen of the Pacific Coast States at the Palace Hotel, San Francisco, on July 20. He was notified of this conference yesterday by Ray Benjamin, chairman of the Republican State Central Committee, and urged to be present.

County Registrar of Voters D. B. Lyons yesterday revived the hopes

to those local Democrats who aspire to membership on the Democratic County Central Committee when he ruled that candidates might file petitions up to July 22. For some time past the status of the Bourbon county committee has been somewhat uncertain owing to a legal cloud, but acting on Atty.-Gen. Webb's advice Registrar Lyons informed Ray Groves that the necessary nominating petitions would be received. The Attorney-General ruled: "County clerks and registrars throughout the State are taking the ticket of the last election as a basis for figuring the Democratic County Central Committee and permitting filing of petitions based thereon. Though not in strict compliance with the statute I believe no objection will be raised."

## BUCKEYES TO DECIDE WHO'S WHO.

### Straw Vote on Harding and Cox to be Feature of Midsummer Picnic.

Senator W. G. Harding and Gov. James Cox, both of Ohio, and both candidates for President, may jell focus their attention on Los Angeles tomorrow, for on that day in Sycamore Grove, about 15,000 former residents of the Buckeye State will express their views on who's who in the political line-up.

Straw ballots will be distributed and an "election" will be held, all as part of the midsummer gathering of the Federation of Ohio Societies, of which Frank M. Bering is secretary.

By this method it will be possible, Mr. Bering stated yesterday, to get an indication of what former neighbors, friends and acquaintances of the two candidates think of them. "With Ohio hogging the Presidential timber supply, what would be more fitting than for Buckeyes to let the rest of the country know their preference," he added.

Campaign speeches for the two candidates will be made by persons who know them intimately. Frank Tyrell will make the principal Harding address. Another speaker will

## GET GREETINGS FROM HARDING.

### Ohioans Who Will Gather at Picnic Saturday Receive Message from Nominée.

In connection with the Ohio political picnic to be held at Sycamore Grove tomorrow Frank B. Bering, secretary of the Ohio Society of Southern California, yesterday received the following telegram from Warren G. Harding, Republican nominee for President:

"As a son of Ohio I send greetings to those who have gone from her generous and pleasant homes to build new roof-tops and erect new family altars in the Golden West. We here hold them not as exiles, but as beloved members of our family, removed from among us only physically by a few miles of all-American soil, but still with and of us in spirit and interest in the joint heirship in the splendid history of our grand commonwealth. I greet them in the assurance of the dawning of a better day of universal justice and fraternity, in which our worthy American ideals shall find acceptance among all the peoples of the world."

(Signed.) "WARREN G. HARDING."

\*\*\*\*\*  
be S. A. Court, former judge of the Police Court of Marion, O., under whom Mr. Harding started to read law before he entered newspaper work, and by Col. T. J. Meala, a former neighbor of Gov. Cox. Senator Phelan may be present to speak for Cox.

More than 4000 notices of the meeting have been mailed by the several Ohio societies. About 5000 persons attended the midwinter picnic in March and because of the added importance of the gathering at this time, three times that number are expected for the frolic this month.

Restrictions caused by newsprint paper shortage compel us to limit our advertising space, so we give here but a few of the many items on sale in the various lines. Our entire furniture stock is greatly reduced in price and every article in it is a "headliner." Many other values equally as good as these are shown on our ten floors and prices are cut from one-fifth to ONE-HALF.

## LUCKY STRIKE CIGARETTE.

IT is made from the finest tobacco—  
toasted—not raw tobacco.

Our famous toasting process develops all the special and delightful Burley flavor (nothing like it) and "seals" it in. In this way you always have the flavor fresh when you light a Lucky Strike cigarette.

Until you try one you can have no idea what an unequalled flavor results. Remember—it's toasted.

## LUCKY STRIKE PIPE TOBACCO

IT is made from the finest tobacco—  
toasted—not raw tobacco.

Our famous toasting process develops all the special and delightful Burley flavor "seals" it in and takes out every bit of bite. This is the same toasting process that made Lucky Strike cigarette the greatest success in cigarette manufacturing.

Buy a tin today and try toasted tobacco in your pipe.

# Bond Market

BY C. F. SEIDEL,  
Manager, Bond Department, Los Angeles Trust & Savings Bank.

Heretofore the capital required for extensions of industries has been furnished by those possessing great wealth, with sufficient spare funds for investment purely. Prior to the world war, European capital was a large factor in such investments. Conditions abroad now demand that European money be utilized in the rehabilitation of the war-wrecked nations in that part of the world. The demand for capital, through issuance of bonds, therefore, naturally falls upon the people of this nation generally. It is universal property to be continued and American business is to keep pace with the demand upon our country, which now occupies the position of a creditor nation.

The present large demand for capital has resulted in generally low bond prices which present extraordinary investment opportunities. Herewith is submitted a list of securities now available at the Bond Department of the Los Angeles Trust and Savings Bank, from which a selection for lucrative investment can be made.

Utah-Idaho Sugar Company's First Mortgage Serial 7 per cent Gold Bonds—coupon bonds in denominations of \$1000 and \$500. This company is one of the largest producers of beet sugar in the United States. Its present production representing about ten per cent of the total beet sugar production of the country. The business has been successful operation since 1891. At prices, according to maturity, yielding approximately 7 1/2 per cent.

Armour and Company's 7 per cent Ten-Year Convertible Gold Notes—coupon notes in interchangeable denominations of \$1000, \$500 and \$100. Convertible on and after January 3, 1931, and prior to redemption date, par for par. Into Armour and Company Class "A" common stock. At 94.84 and interest, yielding 7.75 per cent.

Miller & Lux, Inc. First Mortgage 7 per cent ten-year Gold Bonds—coupon bonds of \$500 and \$1000 denomination. Tax exempt in California. These bonds are secured by approximately 1,000,000 acres of land in California, Utah, Nevada, Idaho and Oregon, which with improvements is conservatively estimated at a present value of \$50,000,000. At 100 and interest, yielding 7 per cent.

Southern California Edison Company's General and Refunding Mortgage 5 1/2 per cent Gold Bonds, "Series of 1919"—Coupon bonds of \$1000, \$500 and \$100 denominations. Registered bonds in denomination of \$1000 or multiples thereof. Tax exempt in California. The company operates in ten counties in Southern California and the San Joaquin Valley, with an area of more than 55,000 square miles and a population of over 1,000,000 serving either directly or at wholesale more than 150 cities and towns. At 89 and interest, yielding 7 per cent.

Ohio Cities Gas Company's 7 per cent Convertible Serial Gold Notes—coupon form of \$1000. The company ranks among the six largest oil properties in the United States. Its operations including every phase of the oil industry. It owns and leases over 550,000 acres in the oil fields of Pennsylvania, Ohio, West Virginia, Kentucky, Illinois, Kansas, Oklahoma, Texas and Louisiana. It owns more than 3000 oil wells with a settled production furnishing an income of \$38,000 per day, and six refineries with a daily capacity of more than 25,000 barrels. At prices, according to maturity, yielding approximately 8 per cent.

You are invited to come in and talk over these and other investment offerings with the writer at the Bond Department of the Los Angeles Trust and Savings Bank.

# NEW YORK STOCK EXCHANGE

(BY A. P. NIGHT WIRE.)

NEW YORK, July 15.—Interest in the stock market today was subordinated to the yacht race and the Spa conference. Attendance of brokers and traders in the financial district was light and dealings were correspondingly small until the final hour, when the pace quickened on precipitate declines in selected issues.

General reaction towards the finish of the session was accelerated by a rapid advance in call money from 8 per cent, the opening quotation, to 11 per cent. This stringency, it was said, resulted mainly from the belated demands of borrowers for week-end funds.

Crucible, Vanadium-steel, Stromberg Carburetor, American and Burtin Locomotives, United States Rubber, American Petroleum, Industrial Alcohol and International Paper suffered most in the latter recessive.

Although Crucible made up half its setback, trading was less than in the previous session. Sales ranged from 1 to 5 points.

The only direct reflection of Germany's acceptance of the Allies' demands was a slight hardening of sentiment on London and Paris, the Berlin rate also improving.

Further strengthening of its liability reserves from the low record of the past fortnight was made by the Bank of England, which again fortified its gold holdings by almost \$1,000,000. Private cables from London reported purchases of gold for East Indian account, in competition with the American market.

Trading in bonds, excepting Liberty issues, was mostly on a firmer and broader basis, the Belgian 7 1/2 making a new high record at 100 1/2. The 150,000. Old United States bonds unchanged on call.

STOCK QUOTATIONS IN NEW YORK CITY.

(Published by Logan & Ryan, Members New York and Boston Stock Exchanges, Van Nuys Bldg., Los Angeles.)

**KRYPTOK**  
INVISIBLE BIFOCAL LENSES

### If You, Too, Would Look Younger

—you should at once investigate the particular merits of "Kryptok"—the one-piece invisible lenses for both near and far vision.

"Kryptok" gives you the benefit of two pairs of glasses, one for long distance sight, and one for reading, etc., all in the one pair, but without the very objectionable seam or hump of ordinary bifocals.

—for those who need near and far vision glasses "Kryptok" are the utmost in usefulness and youthfulness.

### BROTHER SLAIN, TRIES SUICIDE.

Youth Vows He'll Join Kin in Death; Fires, Fails.

Rib Deflects Bullet Meant to Penetrate His Heart.

Letters to Wife and Mother Tell Cause of His Act.

With the intention of carrying out a vow, made years ago to his parents, that his brother should not go out of the world alone, John Morrell, 415 Bernardo street, a Pacific Electric motorman, 34 years of age, yesterday fired a bullet into his own chest. The shot was deflected from his heart by a rib and he will probably recover. Letters he wrote to his wife and his mother just before he fired show that the act was prompted directly by the death of the brother, Henry Morrell, who was struck by a heavy timber and killed last Wednesday in a shipyard at the harbor.

Following the fatality, John Morrell spent his last money, \$7, for a revolver and cartridges. And yesterday, while his wife, Agnes, and their year-old son, Jack, were in another room at their home, the husband and father turned the weapon on himself. He had just penned to his wife, "I said Henry wasn't going alone and I meant it," he wrote her.

"I am only doing this because I can't live without Henry," he wrote. Members of the family later said the brothers had been inseparable pals. The relative told of the death vow, to which Morrell himself referred in his farewell note to his wife. "I said Henry wasn't going alone and I meant it," he wrote her.

**MARRIAGE PLANS.**  
He further wrote that he wanted another brother, Joe, to marry the wife whom he believed he was about to make a widow. Mrs. Morrell was hysterical when receiving hospital attendants, whom she had summoned, arrived at her home after her husband's rash act. He was treated at the Receiving Hospital and removed to the Crocker-Hartman Hospital, where he lay on a cot last night, bemoaning his poor marksmanship and repeatedly saying he was sorry because of the trouble he had brought to his wife and to his mother, who lives at 2315 Kirkwood street, in the harbor district.

To his mother he wrote:

"Dear mother, I am doing this because Henry broke my heart. I thought too much of him and I surely couldn't pull through it. Mother, hold the bodies of Henry and myself until Alex arrives, if possible; of course, don't wait too long. I am leaving a \$1000 policy with the Pacific Mutual Life Insurance. The policy is in my grip. I spent my last \$7 to buy the gun and the bullets. Mother, please see that Jack is taken good care of and tell Joe I want him to marry Agnes, as I know he will make a good father for Jack. I am only doing this because I can't live without Henry. My heart is broken and I would never forget it."

"Well, mother, hood-by, and treat the old man nice for my sake."

(Signed) "JOHNIE."

To his wife, he wrote as follows:

"Dear Agnes, I am writing mother a letter so thought that I would drop you these few lines and hope you lots of luck in the absence of myself from this world. I stood it as long as possible. I sure do love you and Jack. This reason I did not show it was because you would be mean to me. Don't blame nobody but Henry's death for this. I said Henry wasn't going alone and I meant it. Agnes, I am leaving you the \$1000 in the insurance policy. Pay mother what I owe her. I sure hate to leave but I am called to go with Henry. Please take good care of my folks. Give my watch to father and shoes to you know who. "Be good, little girl, and don't ever forget that I was your husband for nearly five years. I bought this revolver and bullets with my last \$7. Well, Agnes, be good and take good care of Jack. Good-by forever." (Signed) "JOHNIE."

**JOYNER QUITS AS COUNTY ROAD CHIEF.**

**SUPERVISORS PRAISE WORK AND NAME TEMPORARY SUCCESSOR.**

At the end of his year's leave of absence, F. H. Joyner, county road commissioner, yesterday sent in his resignation to the Supervisors. He was accepted and G. W. Jones, an employee of the road commissioner's office, was temporarily appointed. The Civil Service Commission will hold a promotional examination today to fill the vacancy, the candidates being county employees. The office pays \$400 a month. Mr. Joyner, who is now consulting engineer for the Willits Paving Company and other corporations, came to Los Angeles in 1912 from Massachusetts, where he was connected with the State Highway Commission. He took charge of the road department for this county and built up a fine organization of young engineers. His road improvement work even excels that done by the State, the Supervisors say. A year ago he made for a leave of absence on account of his health.

**CLOSE SLANDER SUIT.**

Last of Testimony Is Expected Today; Woman Tells of Grove Scene.

The Cruzen-Van Camp \$50,000 slander suit, on trial before a mixed jury in Judge Houser's court, will come to a close today, it was declared yesterday. The defendant, Mrs. Euphrasia Van Camp, who was a divorcee from Frank Van Camp, wealthy seafood purveyor, admits she made certain remarks, the basis of the suit, to her husband in the presence of Miss Ruth Cruzen, the exonerated co-respondent, and sought to show the truth of her statements.

Mrs. Nina Echus of San Pedro was a reluctant witness yesterday, requesting what she said she saw of the actions of Mr. Van Camp and Mrs. Cruzen in the seclusion of a late afternoon, last October. The defense will offer additional evidence in rebuttal.

Photographed at the Crocker Street Hospital yesterday.

### PITTMAN SET FREE BY JURY.

(Continued from First Page.)

When Ernest Klett, one of the counsel for Pittman, started summing up the case for the defense.

"He is gone, he has passed on at the time of the shooting because of the piling up of suspicious circumstances, culminating in Nicholson's appearance at the Pittman home the morning of the tragedy and his request that Mrs. Pittman go with him into a bedroom and his addressing her as 'sweetheart'." The attorney also touched on the unwritten law.

"The unwritten law," he said, "is a divine law written in the heart of every red-blooded American. Yes, an unwritten law but I call it a law of divinity."

The attorney for the defense refrained from attacking the character or motives of the slain man.

"He is gone, he has passed on to a higher court, where he will be judged for his act," said the attorney. "He would avail us nothing to say more about him."

**Suit Begun to Condemn Naval Training Site.**

A desire on the part of the United States government to secure a site for a naval training station is indicated by a suit filed in the United States District Court yesterday. The suit is for condemnation of the section of 135 acres, the property of St. N. Danan and a half-dozen other individuals living along the north shore of San Diego Bay.

The prayer of the petition is that the Federal government acquire the property for the use specified and that the value of the land and its improvements be ascertained by the regular procedure in such cases.

The action is a part of the program of the government to secure appropriate land in the vicinity of San Diego Bay for naval purposes. Another unit in the arrangement was the securing of North Island, intended to be used as an aviation field, but the disposition of which is now in the United States Supreme Court. Judge Tripper, having decided that the government must pay for the land, the suit was filed. The property and that it cannot be appropriated under the provisions of the old Mexican grant.

**COUNTY SUING CITY.**

Old Cement Plant Deal Culminates in Action for Large Sum.

The Monolith cement plant, the city's white elephant, has come into court. Yesterday a county sued the city for \$34,604.33, representing the value of the machinery bought by the county when it leased the plant from the city.

The county started to make cement, but it was held by the Supreme Court that a county may not engage in business and compete with private corporations in the same line. The plant was discontinued, and the county declared the machinery converted to the city's own use. The city has always maintained there is an offset against the county's interest.

**MUCH WINE GONE.**

Foreclosed Man Tells Police That Reserve Stock Is Stolen.

Frank La Monica of 730 E. Mar Street reported to the police that someone entered his home some time during the early morning hours of yesterday and rolled away three and one-half barrels of wine, or about 175 gallons, which he had stored away. The wine, he said, was a brand known as Muscat and valued at about \$2000, as wine is sold at about \$2.50 a gallon.

## This Notable Sale of Men's Caps at 1.65

Caps for Youths, Young Men and Men Who Would Stay Young

And no wonder! These caps are made by a manufacturer who is probably the most famous maker in the country. There is an unusual selection—silks, mohairs, Palm Beaches, Cool Cloths, gabardines, woolsens.

We need hardly mention the price. One dollar sixty-five has not bought a cap of this quality

since long before the war. The reduction brought about by our policy of being even on the job. The maker could not make due to retailers who had ordered the caps because the freight tieup. We were on hand with the bought the whole lot at a price concession. Now at 1.65.

(Hamburger's—Men's Store—Main Floor—Today)

### ORCHID LOVERS KNOW 'EM APART.

Experts Testify That They Have Found the Identity Certain.

Orchid experts testified yesterday in Judge Wood's court. In the trial of the suit of St. N. Danan, an orchid grower, against Frank Weinberg, a gardener, that orchids have characteristics and may be identified.

On April 15, last, Mr. Nihida, said that his conservatory was robbed. Subsequently, he testified, he went to the zoo and identified fifty-two orchids as belonging to his orchid. Weinberg said he had bought the orchids and sold them to the zoo.

Judge Wood held court at the zoo and upon his return awarded fifty-two orchids to Mr. Nihida or \$500, their value in money.

The latter's daughter, Dorette Kendis, was stricken from the calendar in Judge Wood's court yesterday, indicating a settlement out of court.

Mr. Kosloff, who is a teacher of dancing, sued on a note for \$300. Mrs. Kendis filed a cross-complaint, demanding \$10,000 damages. She set up a telephone conversation with Mr. Kosloff with regard to adjusting the controversy, and Mr. Kosloff attached her bank account by way of reply, she declared.

**WOMAN FATALLY HURT.**

Dressmaker Struck by Electric Car Not Expected to Live.

Miss Anna Louise Anderson, a dressmaker who for the last seven years has lived at an apartment house at 616 Bixel street, was fatally injured early last evening when she was struck by Los Angeles Railway electric car No. 864.

The accident, which resulted in concussion of the brain and a basal skull fracture, occurred on South Hill street, near the intersection with West Sixth street.

The injured woman, who was not identified for several hours, was taken to the Receiving Hospital, and up to a late hour had not regained consciousness, and was said to be dying.

### HUNT NEGRO AS MURDERER.

(Continued from First Page.)

blood-stained, was found later by Deputy Modie, hidden, with other bloody clothes, beneath the platform of the American Fruit Grower Association warehouse at Fullerton. Near the clothes was also found a ruby stickpin, believed to have been stolen from the Trapp home.

The murderer or murderers, entered the house by a rear window while the murder occurred in Orange county, a request was made for help to Sheriff Cline and he detailed Deputy Modie. It was through Mrs. Trapp's efforts to use the telephone, that she got in touch with the police at Fullerton, who asked Sheriff Cline for help.

**LARGE LANDOWNER.**  
Mr. Trapp's home ranch comprises forty acres at Fullerton. Besides this he and his brothers, George Trapp of Buena Park and J. H. Trapp of Norwalk, ranched 140 acres at Norwalk and 320 acres of beach land at Irvine. In addition to these brothers are two others, F. M. and William Trapp, of Los Angeles.

Mrs. E. Chappella of Hollywood and Mrs. L. Leaven of Los Angeles, are sisters. Mrs. Trapp was formerly Miss Freda McCall, of Los Angeles. She has a sister, Miss Grace McCall, residing at Fullerton and a brother at Bellflower. Mr. and Mrs. Trapp had been married fifteen years but had no children.

The inquest will be held at Fullerton today.

**CHAMBER NAMES NEW AID FOR SECRETARY.**

A. G. Arnoll, manager of the industrial department of the Chamber of Commerce, will assume the duties of A. S. Dudley as assistant secretary of the organization. This announcement was made yesterday at the chamber offices, following the acceptance of Mr. Dudley's resignation by the board of directors. Mr. Dudley has been elected secretary of the Sacramento Chamber of Commerce and will assume his new duties September 1. He will leave the local organization August 15.

**FILIPINOS TO GIVE BISHOP RECEPTION.**

Bishop Locke of Los Angeles, who soon goes to his new post at Manila, will be the honor guest at a reception to be given soon by the Filipino Club of Southern California.

Members of the club from the city, Los Angeles Harbor, Long

### WOMEN URGED INTO POLITICS.

Democratic Ladies Mean to Have a Candidate Whenever Possible.

Resolutions which may result in numerous women throughout California becoming candidates for Congress and for the State Senators and Assemblymen were adopted by the Los Angeles Women's County Democratic League yesterday.

The resolutions call upon all women of California to make an immediate survey of the campaign situation and wherever an office to Congress or the Legislature is not being sought by a Democratic man, to put a strong woman forward for the place. Nominating petitions may be filed until July 22, and the women are urged to the utmost speed so that "no office shall go by default."

Mrs. Kathryn E. Whistler, acting president of the league, issued the call on motion by Miss Mary E. Foy, former national committeewoman.

Beach, Venice, Ocean Park and Pasadena, recently met at their headquarters in the Wilcox Building, here and choose the following officers: D. A. Lobson, president; Hilario Moncada, vice-president; L. A. Anton, secretary; S. B. Peralte, assistant secretary, and Pascual Ocot, treasurer.

**FIGHT MAY BE FATAL.**

Lower Sufferer Brain Concussion; His Assistant Is Unknown.

In a fight with an unidentified man, which took place in the yards of the City Lumber Company at Vermont and Blauson avenues yesterday evening, Joe Myerhoff, an employee of the lumber company, 41 years old, received possibly fatal injuries. He was taken to the Receiving Hospital by Patrolmen Hamilton and Aiken, where he was found to have suffered a badly bruised nose, a black eye and concussion of the brain. Later in the evening he was removed to the County Hospital. The University Police are making a vigorous search for his assailant.
